

Nov. 2009-March 2010 Program Guide

WHAT'S NEW AT TREMONTON PARKS AND RECREATION?

We at Tremonton Parks and Recreation are very excited about a new walking path around Jeanie Stevens Park. The path will be an 8 foot asphalt trail that provides park goers the opportunity to run, bike, stroll, or walk around the whole, or half of Jeanie Stevens park. It will also allow accessibility for people with disabilities, and anyone pushing strollers to make it to the soccer fields to watch their relatives or friends participating in activities taking place at Jeanie Stevens park. We feel like the trail will be a great asset to a developing park. Construction on the park is taking place during the fall months of 2009 and will hopefully be done before the snow arrives. We look forward to everyone taking advantage of the new walking path, and please feel free to give us your thoughts on it.

As the world is moving at such a fast pace, Tremonton Parks and Recreation is committed to keep up, which is why we have started a Facebook page. If you would like to add us as a friend on Facebook just search for "Tremonton Recreation." We will be giving updates on what is going on in our leagues, with pictures of the action, as well as reminders on when registrations start, and when the registration deadlines are. You will also be able to check current league and tournament schedules. You can also go to www.tremontontocity.com to check out what is happening with Tremonton Recreation.

We hope this will be the last year for the construction with the school district as it will be hard to get the proper amount of gym time for our basketball and volleyball leagues. The schools have been great to work with, but we hope the public will understand if a practice or game is cancelled at the last minute.

We are here to serve you. If there is anything we can help with or any helpful suggestions please don't hesitate to come in or give us a call 257-9485. We would love to hear from you.

November 2009

It is with pleasure that I write the message for this season's program guide. I have been recently appointed as the City Manager for Tremonton City. I am happy to be a part of Tremonton City and am pleased with the quality of recreational programming and facilities that the City currently offers. In addition to our current level of service, the City Council has adopted a General Plan that contains goals and policies aimed at increasing

the Parks and Recreation programs and facilities as the City continues to grow and funding is available.

I believe that recreational programming provides an important element to our community. Over the years I have been both a participant and organizer of recreation programs. During these experiences I have witnessed the positive impact of City recreation services. Recreational programs develop lifetime skills associated with social interaction, sportsmanship, teamwork, and fair play, to name a few.

I was reminded of the positive impact of recreational programs as I watched a youth soccer game in Tremonton a short time ago. After the game was over both teams gave a cheer and handshake to their opponents and referees. Watching this event confirmed my belief in the value of recreational programming.

The City has a dedicated staff that works hard to make the recreational programming a success. Additionally, and more importantly I believe that the successes of recreational programming is attributed to the participants, spectators, coaches, referees, and sponsors. I appreciate everyone's contribution in the past to make this City's service a success. For those who have not participated recently in the City's recreational programming, I would encourage your participation as it promises to be successful once again.

In closing I would like to remind seniors within our community of the Bear River Valley Senior Center which is operated by Tremonton City. This facility also provides recreation, social activities, and other important services for seniors. I would encourage seniors to contact Marion Layne at 257-9455 regarding recreational programs for seniors.

Happy recreating,
Shawn Warnke, Tremonton City Manager

VOLUNTEER SERVICE AWARD

The Tremonton Parks and Recreation Volunteer Service Award is given biannually to a deserving person in the community who has demonstrated a high level of service to the Parks and Recreation Department. This season's award is presented to Jennifer Noble.

For the past year, Jennifer has been more than willing to help out with coaching, refereeing, supervising, or just volunteering wherever we need it. For example, she helped us with the Hershey's Track and Field event where she was there most of the day, and she helped by supervising any sport whenever needed, no questions asked. She also helped with Punt, Pass, and Kick,

JENNIFER NOBLE

and all of our Lil' Cubs programs. Jennifer has helped us the most with Jr. Jazz as she is our gym supervisor at the middle school. All Jennifer wants for all her service is for the kids in this valley to understand sportsmanship, and to have fun while they are participating in their sport programs.

The Tremonton Parks and Recreation staff would like to say thanks to Jennifer and her family for their support as she gave so much support this year to the Tremonton Parks and Recreation Department. She has been a major factor in making our programs better for everyone in our community.

Sincerely, Tremonton Parks and Recreation
