

Summer/Fall 2010 Program Guide

Mission Statement

To provide a fun and safe environment for both youth and adults to recreate, educate, and enjoy quality leisure time. We strive to enhance and better our community by offering more.

AT TREMONTION PARKS AND RECREATION:

*“Sportsmanship is not just something we talk about ...
and is not optional!”*

On Sportsmanship: Our goal is to promote good sportsmanship and fair play for all players, coaches, spectators, officials, staff and any others involved in our programs. We need to attain this goal!

CONCERNING THE “DRAFTS”

All leagues offered by Tremontion Parks and Recreation are just that...RECREATIONAL. They are meant for fun and the development of skills as well as the individual. When a league holds a draft, it is designed to make all teams as fair and even as possible. It is required that all participants of the league attend the “Draft.” For this purpose all participants who do not attend the pre-draft workout will not be eligible for the draft selection. All registered participants will be placed on a team regardless, but only players at the pre-draft will be eligible to be selected. All others not in attendance will be assigned to a team at random. Please, when all possible, have all youth who are supposed to be at a draft.....BE THERE!

At Tremontion Parks and Recreation, quality and service are high priorities. We hope each participant who uses our services may do so in a fun, non-threatening environment. To ensure the safety and well being of our youth as well as adults, it will be required that all youth coaches, instructors and volunteers must consent to a legal background check to be performed on him/her. All checks will be done professionally by agencies outside of TPR. This is not meant to be a burden. We appreciate all who have coached in the past and hope you will continue to do so. We all know that without the help of volunteer coaches our youth programs will not function. Know you are appreciated and these steps are taken as precautions to protect our youth. We want the best for them and can never be too careful.

Diamond and Park Use Scheduling (257-9485)

ALL FIELD USE MUST BE SCHEDULED THROUGH TREMONTION CITY

SCHEDULING PRIORITIES:

1. Games scheduled for Tremontion City Rec. teams
2. Practices scheduled for Tremontion City Rec. teams
3. Games scheduled by other agencies (fee must be paid first)
4. Practices scheduled by other agencies

**Once a diamond is prepped and chalked for game play,
no practices will be scheduled. Please do not use diamonds after.**

March 2010

It is once again time to think about recreation. At least for me it has been a long and rather dull winter. We have had snow, ice, and cold, and it seems as though it has been forever. We actually have had weather with temperatures above 40 degrees. It is time to get outside and do something fun.

Here in Tremonton we have a great Parks and Recreation Department. We have great people working hard to make Tremonton work for you and your children. It is our goal as a city to do what we can to make life better for the citizens of our city. Over the past few years I have seen our Parks and Recreation Department change and grow, and I believe these changes have all been for the better. I hope that you take advantage and become involved in some activities to help make your summer better.

In these tough economic times we need a diversion from

everyday life, and Tremonton Parks and Recreation helps provide this for you. I would encourage you to register, participate, and play.

It is an honor to be able to serve you as Mayor; we have a great team working for you, and as a city we will do our best to meet your needs. We all have challenges and the city is no different, we have a challenging year, but it will be a great year. As we meet and overcome obstacles we become stronger and better than we were before. Just like soccer, golf, and softball, the more we practice and the harder we work, the better we can become.

I hope you have a great summer and enjoy the rest of your year. Life is good in Tremonton, and I hope we as a city can help make your summer a terrific one.

Thank you,

Roger Fridal, Tremonton City Mayor

VOLUNTEER SERVICE AWARD

MEGAN COOPER

The Tremonton Parks and Recreation Volunteer Service Award is given biannually to a deserving person in the community who has demonstrated a high level of service to the Parks and Recreation Department. This season's award is presented to Megan Cooper.

For the past year, Megan has been more than willing to help out with coaching, refereeing, super-

vising, or just volunteering wherever we needed it. For example, she has helped out with our Hershey Track and Field events, where she was there most of the day. She has helped with Punt, Pass and Kick, the Fun Shot, All-Star Games. She has helped us in supervising, scorekeeping, and refereeing baseball and basketball leagues for adults, and youth programs. She has also helped us in our youth volleyball leagues as well; she loves this program where she can help the development of the youth in the community for future volleyball players. Megan strives to make sure every kid in our youth programs leave with a better sense of sportsmanship than they had when they first came in.

The Tremonton Parks and Recreation staff would like to say thanks to Megan and her family for their support as she gave so much support over the past year to the Tremonton Parks and Recreation Department. She has been a major factor in making our program better for everyone in our community.

TREMONTON PARKS AND RECREATION DISCLAIMER:

To all those who have unselfishly taken the time to coach a team or volunteer in anyway, we thank you, please continue! For those who have not, know we need you. We understand everyone is "busy," but if everyone is "busy" who is going to take the time for the kids? Don't always expect that "someone else will do it." Take an active part in your child's life. If you do you will find it is fun, rewarding and you will realize you make a difference in so many youth lives.
