

Eaton Public Library

Volunteer Opportunities

The Library is always looking for volunteers to assist with a number of programs. If you are interested please contact: Jerry Krois, Director at 454-2189.

Volunteer service can be for either short term projects or longer term commitments.

Computer Trainers:

Provide basic and intermediate training to individuals or small groups interested in learning about email, and the Microsoft Office Suite of Word, Excel and Publisher. Establish training times convenient to both the volunteer and learners.

Outreach Assistants:

Visit residents of Benjamin Square once a month providing information on library resources.

Visit teachers and children at the Faith Preschool taking library books for them to check out.

Work with elementary school library media specialists to visit schools and read to students.

Check back for additional volunteer opportunities. Thank you for your service.
