KIDS' WESTERN VEST #1506

SUGGESTED FABRICS: **Outside shell:** Light to medium weight cottons; linen; lightweight wool; denim; cotton flannel. **Lining:** Light weight cotton, polyester or rayon lining OR for reversible vest, medium weight cottons or other fabrics compatible in care requirements with outer vest fabric. **Inner layer:** optional, but try a muslin foundation (preshrunk) or, for warmth, use cotton flannel that has been preshrunk.

OPTIONAL PIECING: The pieced unit on the second side, if you make the vest reversible, is a 3"(fin.) square with a 1/4" strip in the middle. Design suggestion: use 2 fabrics (A & B) for the wider, outside strips, and 1 fabric (C) for the narrow strip and the binding or piping. **NOTE:** If you choose not to bind or add piping, reduce fabric requirement for fabric C by 1/3 yd.

FOR BINDING OR PIPING BUT NO PIECING, change fabric C requirement to 3/8 yard for all sizes.

Children's	Sizes	Outside, foundation & Lining (if not pieced)	A & B (if pieced)	C & Binding
