

Dear Parents,

The number one question we are all wondering about:

“When is the Alpine CDC going to be opened?”

# Alpine Child Development Center

## Lincoln Uinta Child Development Association

Thayne Alpine  
Bridger Valley Afton  
Kemmerer Evanston

### Mission:

To improve outcomes for children by supporting families, and designing services to best meet the needs of individual children within the community.

Dear Parents,

Our newest school is soon to open once the construction is complete and the building is fully accessible to staff and children.

As you all know, construction faces many unforeseen obstacles which can alter timelines. Once construction is completed, the State Fire Marshall, Sanitation Engineer and Department of Family Services will complete their inspections. Next, we will move all necessary furniture and supplies into the school. Our goal and hope is for school to open sometime in very early spring. With this time frame in mind, we will be coordinating a “Parent Orientation” at the Alpine school during the month of March. We will keep you updated as events unfold.

Like you, we are also eager to move into our new school! Thanks for your patience.

*The Alpine Staff*
