

IPC. Those properties that fall under this section shall still be required to pay the connection fees and readiness to serve fees as otherwise required in this ordinance. Said properties in Phase I and Phase II shall connect to the sanitary sewer system within ten (10) years of the Effective Date for Phase I or the Phase II Effective Date, as applicable, or once their septic system fails whichever occurs sooner. The exemption periods allowed in this section shall survive the sale or transfer of the property. Those properties qualifying under this section may still avail themselves to the rebate and amortization sections of this Ordinance if they meet the other requirements.

Section XI: Connections Available for Lots Outside of Phase I or Phase II

Any landowner not in Phase I or Phase II may connect to Phase II of the sewer system and take advantage of the above rebates and amortization and shall also be subject to the above time connection requirements. Such connection shall be at their own expense, subject to their service line meeting the above requirements. Any sewer service line serving more than one building shall necessitate the owner(s) obtaining a DEQ Permit To Construct and obtaining the consent of the Town, subject to Town Engineer review.
