## Message from the Mayor:

It is difficult to believe that it is April already. Spring seemed to come very early but we have flowers already up and ready to bloom so I have to believe that we are off and running for a wonderful Spring and Summer.

The first thing that comes to mind right away is that I know I will be doing a lot more "Mayoring By Walking Around" coming by homes to introduce myself and meet all of you. That is an absolute JOY part of my position as Mayor. I would like to remind you, also, that I have office hours every Wednesday morning from 9:00-Noon. If you have anything you would like to talk about, I encourage you to drop by Town Hall.

Spring brings wonderful opportunities. As some of you may know, we have been certified as a member of the Keep America Beautiful organization. Our part of this organization is called Keep Milliken Beautiful and being a part of this organization gives us opportunities to do some very nice things for the Town. On April 25th, there will be a clean-up day from 8:00 - 2:00. Residents can bring all sorts of items to the Public Works building for disposal. There are even some hazmat items that will be accepted this year—things like batteries, etc. This is a great time to get rid of items sitting in your garage or basement that you no longer want.

The Keep Milliken Beautiful group will also be organizing an "Adopt a Street" program. The members of Town Board are going to be one of the first to adopt a street and you will see us out there picking up any trash along that street. Perhaps an organization you belong to would like to apply for a street to adopt. Signs will be put along the streets involved stating the group that has adopted those streets. Not only will this be a great help to the Town, but your organization will get great publicity. Keeping the trash picked up will really Keep Milliken Beautiful!

Speaking of keeping Milliken beautiful, I was reminded of something a few weeks ago when it was blowing quite hard and it was "trash day." A good thing to remember is that we should all put our trash in a plastic bag INSIDE the big green trash container. That way, if the container gets blown over, there will not be loose trash blowing all over town—which is what happened on that particular day. Will you do that and help Keep Milliken Beautiful?! Thank you.

Enjoy our beautiful Town and our beautiful State. Each day, I get up and look out our windows at those beautiful mountains and think about how blessed we are to live here. Happy Spring and Summer.
