

TOWN OF MILLIKEN

MILLIKEN MESSENGER

OCTOBER 2009

MESSAGE FROM THE MAYOR:

It is difficult to even know where to begin. There are so many things happening in Milliken right now. Have you noticed what is happening at the new Police Station? Yep, there is a water tower on top of the building! Will it hold water? No; however, it will carry the name of "Milliken" on two sides. People will have no trouble knowing what town they are in as they drive through. Perhaps that water tower with the town's name will cause some folks to stop and see just what this town has to offer.

The new Police Station is still scheduled to be completed the first week in October - right on schedule. Keep a close watch for when an Open House is scheduled. This is a building you will want to see.

Perhaps you have seen some activity at the grain elevator just east of the new Police Station. The Town purchased that land and the building. This gives the police a tall, line-of-sight access for their antennas. Now a broad band company is putting their antennas on the roof and renting that space from the Town. This is a win-win situation for everyone. That building will be repaired and holds a number of possibilities for future development.

There is another activity happening in Town. A new Boy Scout and Cub Scout Troop is being formed. It is Pack and Troop 5. Chan Albee is in charge (587-9089). This would seem to be another win-win situation for everyone. Not only do the young people in this troop benefit but, because of their activities, I believe the Town will benefit, too. I know Mr. Albee would be very happy to visit with any parents who would like to have their children involved.

So, things are happening right here in Milliken. More and more activities and developments are happening HERE! Rest assured that whatever happens here is carefully considered prior to the development. We want growth but we want GOOD growth and I believe that is happening.

Enjoy your community as we move into Fall. Hike around Centennial and Ehrlich Lakes east of Town. Fish a little. Just get out and see all that is going on in Milliken.

JOY!!

Janie Lichtfuss
