MESSAGE FROM THE MAYOR:

For the last several of my Mayor’s Messages, I have written about new businesses in town. It has been great to meet these new entrepreneurs and to wish them well in their endeavors.

This month I would like to “feature” another group of individuals. These folks make up our Town Staff. I cannot say enough positive things about these folks. No matter when I come into Town Hall, I receive greetings and wonderful smiles. Good sense tells me that they can’t ALWAYS feel that positive and happy but one would be hard pressed to know otherwise.

I think we have the best Town Staff anywhere! Not only are they there to fulfill the requests of your Town Board, they are also there to help you, the residents of Milliken. During the past year, we have “streamlined” your local government. What does that mean? It basically means that if someone left the employment of the Town, another person was probably not hired to fill that position. The reality is that each member of our Staff, Town Administrator, Department Heads and every person in each department, has taken on additional responsibilities—and they have done it without complaint and with a smile. Interestingly, the Town is working very efficiently and the work is being done very well.

We all enjoy hearing we are doing a good job so when possible, please extend your thanks to each member of our Town Staff. They deserve knowing you appreciate all they do.

Meanwhile, we are headed into summer and all the events that season brings. Enjoy!

JOY!! Janie Lichtfuss, Mayor
