Foxfield 2008

by Doug Headley

The Board of Trustees worked throughout 2008 to continue Foxfield's unique rural residential atmosphere. The issues addressed by the Board of Trustees in 2008 are summarized below.

SNOW REMOVAL

The Town entered 2008 with several weeks of snow that continued through January. Every week there was a new storm without a chance for the previous accumulations to thaw. The snow removal budget was not match for the continuous storms. The Town applied for emergency relief and received \$3,092 from the State of Colorado.

JEHOVAH'S WITNESS CENTENNIAL CONGREGATION

The Town is working with Jehovah's Witness Centennial Congregation on their plans for a 3rd congregation. A Public Hearing brought forth the resident concerns about the Jehovah's Witness Kingdom Hall traffic that would come through the neighborhood when East Costilla Avenue is closed. The Town asked Jehovah's Witness to support a primary alternative access to the new signalized intersection at Chambers Way. The 3rd Congregation was approved pending execution of the 2nd Addendum to the Development Agreement. The Town is optimistic that the 2nd Addendum can be executed in the near future.

PARKER ROAD CORRIDOR

A study of the Parker Road corridor commenced in January and numerous public hearings were held throughout the year to gather comments from the adjacent municipalities and the public. The October 23rd issue of the Communiqué described the corridor study and the completion of the Ring Road. The complete Parker Road corridor study may be found at www.parkerroadcorridor.com. The final public hearing will be held January 15, 2009, at Shalom Park Retirement

Community Meeting Room, 14800 E. Belleview (behind the Goodwill on Parker/Belleview). Exhibits will be posted in an open house format from 5:00 - 7:30 PM. Refreshments are provided.

COMPLETING THE RING ROAD

The Design Office Review (DOR) for the Ring Road was completed on November 6, 2007 and funds were reserved by DRCOG and the State of Colorado. The “corner stores” and land were purchased by CDOT in August 2008 and are scheduled for demolition by the end of January 2009. The base of the Loop Road will be constructed and the retention pond moved inside the Loop Road. Culverts will be installed under Parker Road to connect the detention pond to the box culvert that was installed along the south side of Arapahoe Road to Cherry Creek. Construction of the remainder of the Ring Road is scheduled to be completed by the end of 2009.

OPEN SPACE

An improved easement for the Norfolk and McDanal Open Space properties was negotiated to provide an access for the trail corridor from South Norfolk Court. This access will be used by CDOT to construct the Water Quality Facility in the SW corner of the Open Space property. The bicycle/pedestrian trail corridor will go under the Ring Road in a concrete box tunnel. Work on the access, open space property, and water quality facility will be done in parallel with the construction of the remainder of the Ring Road.

LOTS ALONG PARKER ROAD

The Board of Trustees held public hearings in March and May and approved the 2nd Addendum to the Comprehensive Plan. Amendment #2 changes the land use from residential to commercial along Parker Road, from East Costilla Avenue south to the southern boundary of the town, west of South Norfolk Street, East Easter Way, and Buckley Road. Amendment 2 allows the lots to be re-zoned for commercial use in the future. The lots will remain rural residential until such time that an applicant requests they be re-zoned. Applications for re-zoning must go through the complete re-zoning process including planning, engineering reviews, referrals and public hearings. One of the primary considerations was ensuring the Town's fiscal responsibility in the future by providing the potential for additional revenue and property tax relief.

AURORA & FOXFIELD EASEMENTS

Aurora and Foxfield negotiated an Inter-Governmental Agreement to provide an easement in the Town's right-of-way to provide the CornerStar development a 12 inch loop from Aurora's 24 inch water main in Buckley Road. The agreement asks for Aurora and CornerStar to provide a reciprocal easement in the future that ACWWA will need to

provide a sanitary sewer connection for Foxfield west of Parker Road to the trunk line near Cherry Creek.

ORDINANCE ENFORCEMENT

In March the Board of Trustees hired IB Associates, Inc. for ordinance enforcement and other sundry responsibilities. In the past, individual Board members have provided volunteer services for zoning, roads, and enforcement of rural residential standards and zoning regulations. The amount of time required for these volunteer efforts has increased steadily over the years. Due to the nature of enforcement and the Board's relationship with residents within this small community, and the additional time required by the Board, the Board of Trustees contracted IB Associates, Inc. IB Associates provides enforcement services for cities such as Centennial, and for smaller towns such as Timnath and Nunn.

APRIL ELECTION

In April an election was not required, because residents ran uncontested for the vacant seats. The three new trustees at large are Con Frank, Judy Lenane and Melissa Watson. Doug Headley succeeded Steve Sullivan as Mayor. The Board of Trustees appointed Lisa Jones to replace Doug Headley as the Trustee for Ward 3.

ACCESSORY BUILDINGS

The Zoning Regulations for Accessory Buildings were revised to provide more internal consistency, and the guidelines integrated into the zoning regulations. Residents planning Accessory Structures should submit the building permit, building plans, elevation drawings and other documents to the Town Clerk. The Board of Trustees will no longer review applications. Applications will be reviewed by IB Associates, Inc.

PARKING ORDINANCE

The Parking Ordinance was rescinded based on the Colorado Court of Appeals decision. The limit of five (5) currently licensed vehicles in the Parking Ordinance was moved to Rural Residential Standards where it has been used historically to limit the number of vehicles allowed on a resident's property.

ZONING REGULATIONS

Foxfield's Zoning Regulations were last codified in 2002. Thanks to the outstanding effort and perseverance of Trustee Watson, new Ordinances were integrated (codified) into the Zoning Regulations. The Board of Trustees also hired Community Matters, Inc. to reorganize the zoning regulations and revise the regulations for commercial development.

2009 BUDGET

On November 6, 2008 the Board of Trustees at a Public Hearing approved the Town's budget for 2009. The Mill Levy was set at 16.489 for 2009 down from 18.746 in 2008. In 2009 properties will be re-assessed. The Road Paving Bonds cannot be called for 10 years and many residents have expressed an interest in lowering the taxes in Town. The Board of Trustees created a Road Paving Bond Retirement Reserve to pay off bonds after ten years. Sales tax from Foxfield Village Center has allowed the Town to make early payments on the Metro District No. 1 bonds. A summary of the Foxfield's 2008 finances will be provided in the first Communiqué in 2009.

ENFORCEMENT OF FOXFIELD REGULATIONS

Since the Town of Foxfield was formed each Board of Trustees has worked to maintain Foxfield's rural residential character with minimal regulations. As deemed necessary the Boards have implemented regulations and codes they felt were necessary to provide an environment consistent with a maturing rural residential neighborhood.

Classically in a Town there is staff to provide services. Foxfield uses WRC Engineering for engineering services, has a contract with Arapahoe County for building services, and Foxfire Community Planning for planning services. Since the Town's inception a Board member has provided code enforcement services for the Town's regulations. Being a resident and Board member providing enforcement services without staff has resulted in uneasiness for both residents and Board members.

In March of 2008 after much discussion, searching and interviewing, the Board of Trustees selected IB Associates to provide assistance in the enforcement of the Town's regulations. One of the main goals is that regulations and violations will be enforced in a fair, consistent and unbiased manner. IB Associates will provide the initial investigation to determine if a violation has occurred. IB will provide written notification to the resident of the violation and a timeline to resolve the violation. IB will document resident interaction and progress toward resolving the violation; communication with the Board of Trustees; and court testimony, if necessary.

IB Associates has a great deal of experience, especially with small towns such as, Timnath and Nunn. IB Associates also provides enforcement services for the City of Centennial. IB Associates brings experience and expertise that are essential to balancing Foxfield's rural residential lifestyle while protecting the property values of all residents.

ASSESSMENT REPORT

In order to serve the Town more effectively and identify how best to focus their efforts, IB Associates recommended an assessment of all properties in Foxfield as a first step to determine the general compliance with zoning regulations. The Board of Trustees authorized IB to perform the assessment in October 2008.

The assessment favorably demonstrates that the majority of property owners are in compliance with the Town's municipal codes. The assessment was conducted from the public right of way and all violations were in "plain view". 261 properties, including commercial, residential and unimproved lots were inspected. 75% of the properties were in compliance. 76 potential violations were found on 64 properties. The most significant of the violations involved the outside storage of materials, branch piles, vehicles that are not currently licensed and monuments located within the right of way.

CODE ENFORCEMENT

Starting in January 2009, IB Associates will send out notices to all owners and occupants of properties with violations identified during the October assessment. It is the sincere hope of the Board of Trustees, that in the spirit of being a good neighbor, residents will proactively correct any known violation that may exist on their property prior to the January notices. Obviously, some residents may not be aware that a violation exists. IB Associates will work in conjunction with each resident in a fair and equitable manner to resolve all violations and concerns that exist currently or that may occur in the future.

Things You Might Consider In 2009

by Doug Headley

PUBLIC WATER – TAP FEE

ACWWA will raise the tap fee from \$14,780 to \$20,700. Foxfield property owners have until January 30, 2009 to pay the tap fee. If you have funds this might be one of the best investments you can make to increase the value of your property. The tap fee has almost tripled since the Special Improvement District No. 1 was created and can only go higher.

PUBLIC WATER – TRANSFER DEEP WATER RIGHTS

You must transfer your deep water rights to ACWWA before you can connect to public water. If you HAVE a mortgage you must get a "Partial Release" from your mortgage company before you can transfer your deep water rights. Getting a "Partial Release" is rather complicated and can take 2 to 3 months. To begin the process of getting a Partial Release, call the Town Clerk. If you do NOT have a mortgage you can transfer your deep water rights in a couple of days. Again, call the Town Clerk.

If you have already transferred your deep water rights, you have either already paid the tap fee, or have a credit on the books at ACWWA, or you got paid the credit.

You should consider transferring your deep water rights before you have water problems! If you need water in an emergency and have NOT obtained a Partial Release AND transferred your deep water rights, you will have to put up \$17,750 as collateral until the transfer is completed. If the tap fee has not been paid you will owe \$20,700 less your credit for deep water rights. The connection to the house from the water meter pit is typically \$2,500 to \$3,000. When you complete the Partial Release and transfer your deep water rights your collateral will be refunded.

SEPTIC TANKS & LEACH FIELDS

One of the larger assets on your property is the septic tank and leach field. Without proper care the septic tank can clog the leach field.

Leach fields are typically replaced and not repaired. The cost can be significant. As a rule of thumb you should have your septic tank pumped every 2 to 4 years. Preventative maintenance, pumping the septic tank cost approximately \$250 and is a good investment. Timing this maintenance depends on the usage by the residents living in the house. Septic systems are designed based on the number of bedrooms in the home. If additional bedrooms are added to the residence Tri-County Health Department must approve that the septic system can handle the additional usage.

TRI-COUNTY HEALTH DEPARTMENT SEPTIC TANK GUIDELINES

Tips to Avoid Trouble

DO inspect your septic system every year
DO pump out septic tank every four years
DO keep records of pumping, inspections and other maintenance
DO repair leaking faucets and toilets
DO conserve water to reduce wastewater
DO divert roof drains and surface water away from the absorption field
DO call a professional when you have questions

DON'T over use your garbage disposal
DON'T park over any part of your septic system
DON'T use commercial septic tank additives
DON'T dig or build on top of your septic system
DON'T plant anything over the absorption field (non-irrigated, native grasses are ok)
DON'T flush non-biodegradable items into your system, such as diapers, tampons, etc.
DON'T dump harmful chemicals down the drain, i.e., bleach or wash out water based paint brushes in the sink

FUTURE ISSUES OF THE COMMUNIQUE

The Board of Trustees has decided that starting in January 2009 that the Communiqué will be published electronically and delivered via email on the internet. Resident's without internet service or those that do not have a high speed internet connection should contact the Town Clerk at 303-680-1544 to continue receiving a printed copy.

NEIGHBORHOOD HAPPENINGS

ELECTRONIC DISTRIBUTION OF THE COMMUNIQUÉ

The Board of Trustees is planning to distribute the Communiqué electronically via the internet. There are several advantages - it will be in color, it saves the cost of printing, postage, folding and handling and it will be more timely. In addition, it will solve the challenges of bulk mailing in Foxfield which is served by multiple postal carriers. To get mail to some residents the Town has had to pay First Class postage. Recent issues have been emailed to test an electronic delivery and we have received only positive comments.

Email the Town clerk at canacon@comcast.net. The clerk can then copy and paste your email address and not have to enter it manually.

Residents who do not have an internet connection or who only have a dial-up connection should also notify the Town Clerk. Dial-up residents should email the Town Clerk. Those without an internet connection should call the Town Clerk at 303-680-1544 to continue having the newsletter mailed to you. The Board of Trustee's goal is to implement a more efficient process for distributing the Communiqué and minimize the number of First Class mailings.

PARKER TASK FORCE FOOD BANK FUNDRAISER

The latest effort by the Parker Task Force to raise money for our neighbors in need is the **Cellular Recycling Program**. The Cellular Recycling Program costs PTF nothing and 100% of the proceeds will be used toward providing food and financial assistance for struggling families. Spread the word to your friends and family, neighbors and colleagues to dust off those old cell phones (working or not) that are cluttering your counters or filling your drawers. Cellular Recycler from Boulder, CO is our partner in this program.

Cell phones may be brought to the Parker Task Force located at 20118 East Main St., Parker, CO on any Tuesday, Wednesday, Friday and Saturday between 9 am-1 pm. If you have any questions regarding the Cellular Recycling Program, you can call the Parker Task Force at (303) 841-3460 or visit the PTF website at www.parkertaskforce.org.

Minutes - BOT Regular Meeting - October 16, 2008

Call to Order/Roll Call

The meeting was called to order at 6:37 p.m. at Parker Fire Protection District Station No. 2, Foxfield, CO, 80016.

The following Trustees were present:

Bob Easton, Judy Lenane, Susan Current, Lisa Jones, Con Frank, Melissa Watson and Mayor Doug Headley.

A quorum was present.

The Pledge of Allegiance was recited.

Sheriff's Report – Sergeant Cleveland of the Arapahoe County Sheriff's Department informed the Board things have been quiet and there is nothing new to report.

IB Associates – Susie Ellis – Comments on Parking Ordinance and Results of Violation Assessment - 6:39 p.m.

Susie Ellis informed the Board that while she was performing an assessment of violations in the Town she noticed an additional issue vehicles that are not currently licensed parked on the properties. She asked the Board if they wanted to address this concern. Ms. Ellis also discussed the numerous motor homes and vehicles parked on a property. She stated it appears the property owner is storing these vehicles for others. Mayor Headley informed Ms. Ellis the parking ordinance requires property owners to own the vehicles parked on their property. He suggested sending the property owner a friendly letter reminding them of the Town's regulations. Ms. Ellis proposed that a letter be sent out to all residents to educate them on the Town's ordinances. The Board decided they would send out the first reminder in the Communiqué. Susie Ellis provided the Board with a Code Enforcement Assessment report she created after visiting the Town. She discussed outside displays, signs and banners that need to be removed in the commercial area. Ms. Ellis informed the Board that twenty five percent of the properties in Foxfield are in violation of Town ordinances. She stated these violations include monuments in the right-of-way, construction projects without posted permits, outside storage of items that should be stored in a garage or barn, and weeds that exceed the height limit. The Board discussed the radio tower in Town and if they are in violation of the home occupation ordinance. Ms. Ellis provided a status of the violations for a property on Waco. She asked the Board to give her direction on how to move forward in

addressing these violations. Trustee Watson suggested addressing the Rural Residential Property Standards violations first, but to wait until after public hearing in November to send out letters to the residents.

Linda Martin of IB Associates provided the Board with her resume and discussed providing her services to the Town in planning future commercial developments and negotiations with developers. She informed the Board they need to create a vision for their community but they also have to have a degree of flexibility so as to not chase developers away. Trustee Watson stated the Board's main concern is protecting the residents from the commercial area. Mayor Headley stated they need someone to negotiate with developers on behalf of the Board. The Board authorized Linda Martin to spend three hours reviewing the Town of Foxfield Zoning Regulations and PUD's at ninety dollars per hour.

Public Comment – 7:54 p.m.

Resident Raul Boerner informed the Board he had brought information regarding the history of the Parking ordinance. The Board informed Mr. Boerner the public hearing regarding this issue was postponed until November 6th and asked if he could come back and share his information then.

Minutes of the 10/2/08 Meetings and Approval – 7:58 p.m.

The Board discussed revisions to the 10/2/08 minutes.

A **motion** was made by Trustee Lenane to approve the 10/2/08 minutes as amended.

For: unanimous approval.

For: Unanimous approval.

Unfinished Business- 8:16 p.m.

Electronic Data Storage – The Board decided to attend a webinar on October 21st at 11:00 to see a presentation from a company in Canada that provides this service.

Electronic Deliver of the Communiqué – Mayor Headley stated he has written an article for the Communiqué saying we will begin sending out the newsletter electronically in January.

Central Postal Unit for Residents on Arapahoe Road East of Buckley Road – Mayor Headley suggested that the Post Office place the unit in the Walgreen’s parking lot.

Amending the 2008 Budget – the Board will hold a public hearing to amend the 2008 budget during the November 20th meeting.

Amending the Zoning Regulations – Trustee Jones provided the Board with a revision to the Rural Residential Property Standards regarding parking. The Board discussed additional changes they would like made to the document. The public hearing regarding this ordinance will be during the November 6th meeting.

Accessory Buildings – Trustee Watson provided the Board with a new version of the ordinance containing revisions the Board made at the prior meeting. The Board discussed final revisions they would like to see in the ordinance. The public hearing for this ordinance will be during the November 6th meeting.

COMMITTEE REPORTS – 9:31 p.m.

Trustee Jones discussed the following:

Trustee Jones informed the Board the violations on the Waco property have been resolved.

Trustee Watson discussed the following:

Trustee Watson informed the Board she received the first proof of the directory back and she found several errors. She suggested waiting to print the final document until after the election so the results can be included.

Trustee Frank discussed the following:

Trustee Frank reported he reviewed plans for a new home.

Trustee Frank attended Government Energy conference. He informed the Board that rebates are available for homeowners that install energy conservation devices in their homes. Trustee Frank will include information regarding this issue in the next Communiqué.

Trustee Frank attended a meeting with Mayor Headley and CDOT regarding the completion of the Ring Road.

Trustee Lenane discussed the following:

Trustee Lenane informed the Board she has been working on the first draft of the 2009 budget.

Trustee Current discussed the following:

Trustee Current had nothing new to report

Trustee Easton discussed the following:

Trustee Easton had nothing new to report

Mayor’s Report – 9:41 p.m.

Mayor Headley attended an informative lecture on “living streets”.

Mayor Headley had receivers installed on Waco for the electronic speed limit sign.

Mayor Headley is getting a quote from Singing Hills Nursery for landscaping maintenance on the Ring Road and medians next summer. Mayor Headley asked for authorization to spend \$330 to have Singing Hills Nursery remove the t-bars and metal wire on the trees along the Ring Road. The Board approved the request.

Mayor Headley informed the Board he had joined the other Mayor’s in the Metro Mayors Caucus in showing support on three labor ballot initiatives.

Correspondence – 9:40 p.m.

Mayor Headley discussed correspondence from the Town attorney regarding identity theft and the Fact Act. Mayor Headley stated the memorandum had to be approved by November 1, 2008.

A **motion** was made by Trustee Lenane to adopt the requirements listed in the memorandum regarding the identity theft and the Fact Act.

For: unanimous approval.

New Business – 9:49 p.m.

Budget – Trustee Lenane provided the Board with a draft of the proposed 2009 budget. The Board discussed

revisions to the document. Trustee Lenane stated the expenditures exceed the revenues and the Board needs to examine ways to decrease expenditures. Trustee Lenane will provide a revised version of the budget at the next meeting for the Board to consider. She stated the public hearing for adoption of the budget will be during the December 4th Board meeting.

Resolutions – none

Ordinances - none

Adjournment

The meeting was adjourned by Mayor Headley at 10:49 p.m.

Minutes BOT Regular Meeting - November 6 , 2008

Call to Order/Roll Call

The meeting was called to order at 6:37 p.m. at Parker Fire Protection District Station No. 2, Foxfield, CO, 80016.

The following Trustees were present:

Bob Easton, Judy Lenane, Susan Current, Lisa Jones, Con Frank, Melissa Watson and Mayor Doug Headley.

A quorum was present.

The Pledge of Allegiance was recited.

PUBLIC HEARING – Repeal the Parking Ordinance

Mayor Headley discussed the Town’s ordinance regarding parking. He informed the public that the Colorado Court of Appeals did not support this ordinance as it is unenforceable so the Board is looking at repealing the ordinance. Mayor Headley stated the Board had revised the Rural Residential Property Standards to include the limit on the number of cars parked on a residential property from the parking ordinance. Mayor Headley opened the public hearing at 6:43 p.m. and asked for comments from the public. Hearing none he closed the public hearing and opened the floor to comments from the Board of Trustees.

A **motion** was made by Trustee Jones to approve a bill for an ordinance to repeal article III, section 5, of the Town of Foxfield Zoning Regulations

relating to parking of motor vehicles in residential areas.

For: unanimous approval

PUBLIC HEARING – Amending the Zoning Regulations regarding accessory structures

Mayor Headley opened the public hearing at 6:45 p.m. and gave a history of the ordinance. He opened the floor to comments from the public and hearing none he closed the public hearing at 6:47 p.m. Mayor Headley asked for comments from the Board members. Trustee Watson discussed a revision made to the ordinance. Trustee Current discussed her concern that the wording “visually similar” means the accessory structure has to be made of the same materials as the main dwelling. Trustee Watson stated that sentence means it only has to look similar as in color, not be made of the same material. Trustee Easton stated he was against the entire ordinance.

A **motion** was made by Trustee Watson to a bill for an ordinance amending the Town of Foxfield Zoning Regulations regarding accessory structures.

For: Trustees Watson, Jones, Lenane, Frank, and Mayor Headley

Against: Trustees Current and Easton

PUBLIC HEARING – Amending the Rural Residential Property Standards regarding parking.

Mayor Headley explained that this amendment speaks to the number of vehicles that can be parked on a residential lot. Mayor Headley opened the public hearing at 6:53 p.m. and asked for comments from the public. Hearing none he closed the public hearing at 6:56 p.m. and opened the floor to comments from the Board. Trustee Jones read the revisions to the document. Trustee Watson expressed concern that placing a five car limit on the number of vehicles that may be parked outside could have unintended consequences for large families who have more than five licensed vehicles driven on a daily basis. Trustee Jones stated that was covered under resident owned vehicles. The Board discussed what the number of allowed vehicles should be, and reviewed the real concern which is storing vehicles not currently licensed on residential properties.

A **motion** was made by Trustee Jones to approve a bill for an ordinance amending the Rural Residential Property Standards regarding parking.
