

Meet Louise Dion our Quilter of the Month for February 2012. Louise has been quilting for over 10 years now after attending quilt camp and getting hooked! She is a self taught quilter but her mother taught her how to sew. Louise is inspired to keep quilting because she says it is therapy for her. She also wants to make a quilt for each of her three daughters and all of her grandchildren. Louise is currently working on a disappearing nine patch for quilts of valor. Her favorite technique thus far is paper piecing where she made a wall hanging. Louise would love to learn how to applique by either machine or hand sometime in the near future. Louise loves being with her grandkids and admits that she learns a lot from them when they spend time together. Louise is retired now from 38 years of employment at ISD #361 as a payroll/benefit coordinator. She has been married to Jerry for 40 years and they have three daughters, Sherie, Lynette, and Laurie, and seven grandchildren; Mikhaela, Brady, Olivia, Blake, Quinne, Baergen and Dagny. Louise is a very caring, kind soul and is such a joy to be around! Thank you Louise for being our quilter of the month for February!
