Monthly Mini's™

Series #4

An Exclusive Mini-of-the-Month Program

- Each mini is 12" x 14" finished, and fits on the newly improved 12 x 14 Table Stand.
- Ackfeld Mfg has revamped this popular stand so that it now has removable legs for flat storage/shipping & interchangeable headers as shown here.
- This means you only need to purchase one stand, as all of the headers fit the same stand.
- These 12 patterns are available as a full set only.

How do you get these??

- This pattern series is available from participating shops only.
- Shops are offering these in a block-of-the-month format. They are not offered individually, so if you're not interested in the full set, you'll have to wait on pins & needles until they are released for general sale, sometime in late 2012.
- A list of current participating shops is given on page 2 of this flyer.
- Contact a shop on this list to join in the fun of a monthly dose of fast and easy applique =)
- Each month you'll receive a pattern, the fabric kit, the corresponding header, and buttons (if they apply). Fabric kits may & will likely vary from shop to shop.
- If you're a shop owner interested in becoming a participating shop, please call us direct. Thank You!
