**Professional Background:** After college, I was hired at North Colorado Medical Center in Greeley, CO on the cardiovascular care unit. I cared for patients with heart attacks, stents, bypass surgery, valve surgery, heart failure, and pacemakers. Eventually, I became a cardiac intensive care nurse as I learned to care for cardiac critical care patients. In doing so, I earned my critical care certification or CCRN.

Cardiac nursing is a passion of mine, which I am continuing here in Burlington. I re-started the cardiac rehab program here at Parke Wellness in November of 2007 and the Pulmonary Rehab program in February of 2009.

**Membership and Awards:**

- Rocky Mountain Cardiopulmonary Rehab Association
- American Association of Cardiac and Pulmonary Rehab
