

EAGLE PROJECTS

CONTACT: Heidi Flitton 801-476-4125

GOALS:

1. Help Eagle Scouts succeed in their goal of becoming an Eagle Scout.
2. To provide a project that will benefit the City.
3. Provide a list of projects that have been selected by the City.
4. Help them gain experience in community service.

UPDATES:

JANUARY 2012: The City is grateful for the Eagle Projects done each year to help improve our community. One of the scouts in Troop 436 is currently working on getting a flagpole for the new city offices. If you need project ideas, you may call the City office and talk to Darinda. She keeps track of ideas that get suggested from various citizens and departments. If you have an idea for an Eagle project, please feel free to submit your idea to Darinda as well.
