All Product Line-Up

Quattro™ 6000D

SPECIFICATIONS / BENEFITS

- **Creativity Times Four™**
 - › Optimum performance in sewing, embroidery, quilting and crafting.
- **Our largest real working space**
 - › Almost 50 square inches of work space to accommodate your large or bulky sewing projects.
- **InnovEye® Technology**
 - › It's like having a built-in camera above the needle. Use for automatic edge sewing, embroidery and precise positioning.
- **HD LCD display by Sharp® Corporation**
 - › 4.5" x 7" super sharp wide-angle HD LCD display with 260,000 possible colors.
- **Print & Stitch™ Technology**
 - › Combine printed images with embroidery for unique 3D art.
- **Sew with the embroidery unit attached**
 - › Embroidery unit moves completely out of the sewing area for quick sewing process changeovers as well as allowing you to sew in the embroidery hoop.
- **My Custom Stitch™ feature**
 - › Create personalized sewing stitches and save for future use.
- **Three built-in USB ports**
 - › Connect to your PC, insert USB media and connect your USB mouse, all at one time to save or import data with the click of your mouse. USB ports also allow for free machine updates.
- **Built-in stitches, embroidery designs and fonts**
 - › 638 built-in sewing stitches, 601 built-in embroidery designs including 160 designs featuring Disney® characters, 13 embroidery lettering fonts, including Old English, and 3 sewing lettering fonts.
- **Runway® lighting**
 - › Enjoy virtually 10-inches of lighting around the needle.
- **Large embroidery area**
 - › Maximum embroidery field of 8" x 12". Includes four sizes of embroidery frames: 8" x 12", 8" x 8", 4" x 4" and 2.5" x 1".
- **Custom fashion rolling bag and soft cover included**
- **Included operation manual**

Duetta® 4500D

SPECIFICATIONS / BENEFITS

- **Automatic Height Adjuster™ AHA® feature**
 - › Achieve perfectly formed stitches as you sew over varying fabric thicknesses. Perfect for stitching quilts with varying fabric types, appliqués or embellishments.
- **Built-in stitches, embroidery designs and fonts**
 - › 487 built-in sewing stitches, 416 built-in embroidery designs including 134 designs featuring Disney® characters, 13 embroidery lettering fonts and 3 sewing lettering fonts.
- **Built-in embroidery card slot**
 - › Enables use of 1,000's of optional Brother Embroidery designs.*
- **My Custom Stitch™ feature**
 - › Create personalized sewing stitches and save for future use.
- **Pivoting function**
 - › The presser foot automatically lifts as the needle remains lowered for fast and easy fabric manipulation.
- **Large LCD touch control panel**
 - › Simply touch the screen to select stitches, embroidery patterns, tutorials and instructional movies. Zoom tool allows you to see selected design with increased detail.
- **Fully automatic needle threading system**
 - › With the touch of a button, the thread is pushed through the eye of the needle. Machine can be threaded manually for twin and specialty needle threading.
- **Built-in dual USB ports**
 - › Connect to your computer for importing and exporting designs or machine upgrades. Use the second port to import and export designs from your USB memory stick.
- **Large embroidery area**
 - › Maximum embroidery field of 7" x 12". Includes four sizes of embroidery frames: 7" x 12", 5" x 7", 4" x 4" and 2.5" x 1".
- **Super bright LED work lights**
 - › Helps reduce eye strain when sewing on dark fabrics and ensures accurate seams and stitch quality.
- **Included operation manual**

* See www.brother-usa.com for list of compatible cards available for additional purchase.

- **Backlit LCD touch screen**
 - › 1.4" x 2.7" backlit monochrome touch screen LCD.
- **Included operation manual**

Entrepreneur® Pro PR-1000

SPECIFICATIONS / BENEFITS

- **10-needle embroidery machine**
 - › Embroider multi-color designs faster and easier, with fewer thread changes.
- **10 thread colors**
 - › Stitch designs up to 10 colors without changing thread. Many 20-color designs can be completed with just two thread changes.
- **10-needle automatic needle threading**
 - › A Brother® exclusive feature! Thread each needle in seconds. Simply press the automatic needle threading button and the thread will pass through the eye of the needle.
- **10 thread Eyelet Threading System**
 - › A Brother® exclusive feature! Promises virtually perfect thread tension every time.
 - › Maintain consistent tension on all 10 threads, even as the needle bar moves.
 - › Virtually eliminates thread tangling, even in drafty environments.
 - › Requires no tools—follow a simple, numbered path for easy threading.
- **10 lights in the InnovaChrome™ LED Thread Color System**
 - › Simplifies thread selection: LED light under each spool indicates the closest thread color, and correlates to the thread colors shown on the LCD screen.
 - › Communicates machine's status: Different light cues flash when thread needs changing, if a thread is broken, and when designs are finished. Built-in audio cues also provide alert status.
- **Large full color 4.3"x7.2" HD touch screen LCD by Sharp® Corporation**
 - › Easily edit and see your entire embroidery creation on-screen with 160° horizontal and 140° vertical visibility.
 - › See many designs at 200% their actual size with the on-screen viewing enlargement feature.
 - › View built-in videos and tutorials.
 - › Personalize your machine with a custom screen saver.
 - › Preview design before stitching with the background color feature.
 - › Jump forward or backward 1,000 stitches.
- **InnovEye® Technology**
 - › It's like having a built-in camera above the needle; provides a crisp, clear, magnified image on the LCD screen. Use for precise positioning of designs.
- **Snowman® Embroidery Positioning Marker**
 - › Designed to work with the InnovEye® Technology, this feature is like having a built-in GPS system for your needle position, allowing for ultra-precise positioning of designs.
- **Grid function**
 - › Provides additional capabilities to precisely position designs. View both grid and design on LCD, for exact placement of each design element.
- **Built-in memory**
 - › Includes 1.7 MB of built-in memory, for saving up to 500,000 stitches to memory.
- **Large embroidery area**
 - › Included are four sizes of embroidery frames, perfect for favorite everyday projects – 14" x 8", 5" x 7", 4" x 4" and 2" x 1.5".
 - › Included extra-large worktable slides on and off quickly and easily to provide a stable support system for PR-1000 accessories.
 - › Expand embroidery area even more with optional frames, including the 14" x 14" jumbo frame, wide cap frame for virtually ear-to-ear stitching, border frame and more. See 'Entrepreneur® Pro PR-1000 Optional Accessories' on page 9 for complete list.
- **Built-in embroidery designs and fonts**
 - › 110 built-in embroidery designs; 28 size-adjustable embroidery lettering fonts, including new children's, handwritten and connected script fonts; Greek, Appliqué, Floral and Renaissance alphabet designs; 3 monogramming font styles.

- **Expanded design editing features**
 - › Alter designs on LCD touch screen – with built-in rotate, mirror image, enlarge/reduce, letter spacing, thread density, group edit functions and more.
 - › Included PE-DESIGN® NEXT Upgrade software* provides additional editing capabilities for enhanced creative touches, and the ability to split designs into sections, for re-hooping and stitching extra large designs.
- **Link multiple machines for enhanced productivity**
 - › Included PE-DESIGN® NEXT Upgrade software* allows up to four PR-1000 or upgraded PR-650 machines to be linked to one computer.
 - › Linked machines can stitch out the same designs, or different designs.
 - › Monitor status of each machine from one computer.
 - › Queue up to 100 designs.
 - › Software can allocate designs between machines, to minimize number of thread changes needed.
- **Three USB ports**
 - › High-speed port for fast design transfers. A second port for machine peripherals. A third port for computer connectivity and future upgrades.
- **Improved workspace lighting**
 - › 5 super bright LED lights, equivalent to 35 standard bulbs, provide brighter work area, practically eliminating shadows. Customize brightness with 5 settings.
- **Adjustable embroidery speed up to 1,000 stitches per minute**
 - › Adjust individual needle speed on any of the 10 needles from 400 to 1,000 stitches per minute to accommodate different needs of specialty threads, such as metallic threads.
- **Instructional guides**
 - › Intuitive on-screen icons for easy learning.
 - › 12 languages for on-board processing.
 - › Built-in tutorial movies and instructions for easy learning.
- **2/5/25 Years - Limited Warranty**
 - › See Product Limited Warranty for details.

*Customers must have PE-DESIGN® 5.0 or above software in order to use the included PE-DESIGN® NEXT Upgrade Software.

Entrepreneur® PR-650

SPECIFICATIONS / BENEFITS

- **Large full color 4.5"x7" HD touch screen LCD by Sharp® Corporation**
 - › Easily edit and see your entire embroidery creation on-screen with 160° horizontal and 140° vertical visibility.
- **300mm x 200mm (Approx. 12" x 8") embroidery area**
 - › Fill the whole area at one time without re-framing. Includes four sizes of embroidery frames: 8" x 12", 5" x 7", 4" x 4" and 2" x 1.5".
- **Built-in embroidery designs and fonts**
 - › 14 sample embroidery designs; 25 size-adjustable embroidery lettering fonts; Greek, Appliqué, Floral and Renaissance alphabet designs; 3 monogramming font styles, and 15 coordinating accents; 10 frame designs. Plus 60 BONUS designs on included USB memory stick.
- **Expanded software features including:**
 - › Thread marking capabilities for matching borders and split designs.
 - › Easy design duplication in any direction.
 - › Appliqué function.
 - › Machine threading in any screen.
 - › Virtually instantaneous processing – 3x faster.
 - › Customizable screen saver.
- **Three USB ports**
 - › New high speed port for fast design transfers. A second port for machine peripherals. A third port for computer connectivity and future upgrades.
- **Improved lighting during embroidery**
 - › The on/off button on the panel allows for greater control of light while embroidering.
- **6-needle single-head embroidery machine**
 - › Set up to 6 different thread spools at once and let the machine embroider your project.
- **Adjustable embroidery speed up to 1,000 stitches per minute**
 - › Save time when embroidering large projects.
- **Automatic needle threading system**
 - › At the press of a button, the thread is pushed through the eye of each needle.
- **7 embroidery hoop connection sensors**
 - › Quick connect and release for standard flat frames, hat frame or cylinder frame.
- **Individual needle tension**
 - › Adjustable beehive tension disks for delivering a complete range of embroidery threads.
- **Instructional guides**
 - › Intuitive on-screen icons for easy learning.
 - › Bilingual instruction manual.
 - › 12 languages for on-board processing.
 - › Built-in movies for easy learning.
 - › Maintenance guides.
- **Perfect machine to start a business**
 - › Easy-to-learn and easy-to-use.
 - › Quick response to embroidery needs.
 - › Portability for off-site events.
 - › Compatible with most popular lettering and digitizing programs.
 - › Easy maintenance.
- **2/5/25 Years - Limited Warranty**
 - › See Product Limited Warranty for details.

Cap frame sold separately.

OPTIONAL ACCESSORIES*

60mm Advanced Cap Frame & Driver Set

Provides generous area for cap embroidery. Add logos or your favorite phrase to a wide array of caps. The embroidery area is 130mm x 60mm (Approx. 5" x 2.4"). **PRCF3**

For use with: Upgraded PR-600, Upgraded PR-600II, PR-600II UPG, PR-620, PR-650, PR-1000

300mm Frame

300mm x 200mm frame (Approx. 12" x 8"). Handles large items, like towels, jackets and sweatshirts, both front and back. **PRH300**

For use with: PR-600, PR-600II, PR-600II UPG, PR-620, PR-650, PR-1000

Cylinder Frame + Driver Set

Embroider virtually anything that's cylindrical and normally difficult to sew, such as holiday stockings, wine bottle bags, golf club covers, sheepskin boots, sleeve cuffs and turtleneck collars. Cylinder frame embroidery area is approximately 90mm x 80mm (3.5" x 3"). **PRCLI**

For use with: Upgraded PR-600, Upgraded PR-600II, PR-600II UPG, PR-620, PR-650, PR-1000

Flat Frame

Unique design prevents fabric bunching when embroidering any bulky material, specifically heavy jackets. Embroider horse blankets, sleeping bags, jackets and quilts easily. The embroidery area is 300mm x 200mm (Approx. 12" x 8"). **PRF300**

For use with: PR-600, PR-600C, PR-600II, PR-600II UPG, PR-620, PR-650, PR-1000

*Accessories sold separately.

Starter Kit

This essential kit enables instant start-up. All the basic supplies you need to start embroidering immediately. Conveniently packaged and ready for production.

PRSK2

For use with: PR-650, PR-1000

Bobbin Winder

Set bobbin thread vertically on the stand and wind bobbins on this independent bobbin winder. Perfect for customizing bobbin thread colors.

PRBW1

For use with: PR-600, PR-600II,
PR-600II UPG, PR-620,
PR-650, PR-1000

Metal Bobbins

5-pack of empty metal large-capacity bobbins. **SAI59**

Pre-wound L Bobbins (White)

100-pack. Style "L" cardboard sided bobbins. More economical, and easier than winding your own bobbins. Replace the empty bobbins easily.

PRWB135

Pre-wound L Bobbins (Black)

100-pack. Style "L" cardboard sided bobbins. Great for use with dark color designs and fabrics. Replace the empty bobbins easily. **PRWB130B**

Brother® King Size Polyester Thread

Comes in packs of 3 in a variety of popular colors, perfect for multi-needle embroidery.

Metal Stand

Our metal stand, designed exclusively for the PR-600 series, now has height adjustable legs. The metal stand secures your machine and resists vibration while in use. Locking wheels allow for easy moving and transportation. Convenient hat jig is ideal for prepping hats for embroidery.

Large shelf provides storage for accessories, instruction books and small supplies. Stand measures 32" H x 29" W x 24" D.

PRSTAND

For use with: PR-600, PR-600II,
PR-600II UPG, PR-620, PR-650,
PR-1000

Work Table

Complement your machine with the new Horn of America Work Table, exclusively built for Brother® PR-SERIES machines. Features plenty of storage with two drawers and adjustable shelves, plus a fold-up extension table for additional work area. The 4 twin wheeled casters turn 360° for quick and easy mobility, and the locking front casters add stability and safety.

The white finish with natural oak edge band complements any décor. Dimensions:

Open 32" H x 23.5" D x 50.5" W;
Closed 32" H x 23.5" D x 34.5" W;
Extension Table 23.5" D x 16" W.

PRTABLE1450

For use with: PR-600, PR-600II,
PR-600II UPG, PR-620,
PR-650, PR-1000

Machine and accessories sold separately.

Wide Table Top

Easy to snap and lock in place. Durable surface, great for supporting large or heavy items like quilting squares, towels, blankets, jackets and rugs. Use with the Jumbo Frame to avoid excess hoop and fabric weight on the machine.

The Wide Table Top is included with the PR-1000.

PRWT1

For use with: PR-600, PR-600C,
PR-600II, PR-600II UPG, PR-620,
PR-650, PR-1000

PLEASE NOTE: Accessories from any machine in the PR-600 series can be used with the PR-1000, in addition to the PR-1000 optional accessories listed below.

14" x 14" (360mm x 360mm) Jumbo Frame

One of the largest frames available for a multi-needle embroidery machine. Perfect for making wall hangings, jacket backs and other large designs. Must be used with Arm B embroidery frame holder and table included in the PR-1000.

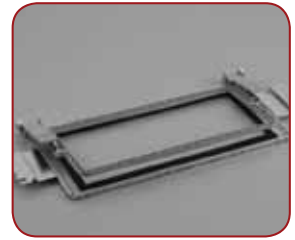

PRPJF360

4" x 12" (100mm x 300mm) Border Frame

Designed for long objects such as table runners. Re-hoop your fabric without removing the frame. Just release the latches, slide the fabric to the next embroidery position, and relock. Must be used with Arm B embroidery frame holder included in the PR-1000.

PRPBF1

8" x 8" (200mm x 200mm) Quilting Frame

Create quilt patterns more efficiently. Sized to fit traditional quilting squares. Must be used with Arm B embroidery frame holder and table included in the PR-1000.

PRPQF200

Wide Cap Frame Set

Provides expanded embroidery area, allowing you to stitch caps virtually ear-to-ear. Total embroidery area is 14" x 2 3/8" (360mm x 60mm). Includes 14" x 2 3/8" (360mm x 60mm) wide cap frame, cap frame driver, and mounting jig.

PRPCFI

3-in-1 Round Frame Kit

Includes one 4", one 5", and one 6" round frame. Perfect for stitching round designs, and for designs that require more stability. Includes Arm C Embroidery Frame Holder, which must be used with all frames in this kit.

PRPRFK1

*Accessories sold separately.

Introducing the
LAURA ASHLEY
Limited Edition Sewing Machines!
A Touch of English in Every Stitch

Innov^{is} NX-2000

SPECIFICATIONS / BENEFITS

- **Built-in stitches, buttonhole styles and fonts**
 - › 460 built-in sewing stitches (430 built-in and 30 on CD), including 12 styles of one-step buttonholes and 3 sewing lettering fonts.
- **Automatic Height Adjuster™ AHA® feature**
 - › Achieve perfectly formed stitches as you sew over varying fabric thicknesses and intersecting seams.
- **Pivot function**
 - › The presser foot automatically lifts as the needle remains lowered for fast and easy fabric manipulation. Provides perfectly executed stitches on corner turns, a must feature for mitered corners, bound buttonholes, welt pockets and so much more.
- **Free-motion stitching**
 - › The foot height adjusts for precise free-motion projects. Three included free-motion feet.
- **Do it all on the LCD**
 - › Use the vibrant LCD touch screen to select, edit and save stitches, and to view built-in tutorials.
- **Memory**
 - › Save stitch settings of your favorite stitches and stitch combinations for use in future projects.
- **Thread sensors**
 - › Machine automatically stops sewing prior to running out of bobbin thread and the upper thread tension sensor recognizes when upper thread is empty or broken.
- **Multiple cutting operations**
 - › On-board scissors and programmable trimming allow you to cut the thread with just the touch of button.

- **Computer connectivity with update capability**
 - › Enjoy free machine updates from your computer.
- **Adjustable presser foot pressure and height**
 - › Adjust the presser foot pressure and height for smoother delivery of fabric height variations.
- **My Custom Stitch™ feature**
 - › Create personalized sewing stitches for any style of sewing.
- **Multi-directional Sewing**
 - › Sew straight stitches in eight directions and zig zag in four directions. Useful for sewing in small areas that cannot be manipulated easily, such as sleeves and baby clothes.
- **Circular Sewing**
 - › Attach the measured circular sewing attachment and make concentric circles, arcs and more. Embellish your creations with decorative threads using the included braiding and cording feet.
- **Bobbin Work**
 - › Add impressive stitching to projects with the new bobbin case for Bobbin Work, which allows you to use a variety of specialty threads that don't fit through the eye of the needle. Experience the delight when you turn the fabric over and see the raised 3D stitches.
- **Extra-large quilting extension table included**
 - › Easy to install and expands your sewing work area to easily handle large projects like drapes, tote bags and garments.
- **Wide selection of accessories included**
 - › 15 accessory feet, specialty needle, accessory case and knee lifter!

Innov^{is} NX-800

SPECIFICATIONS / BENEFITS

- **Built-in stitches, buttonhole styles and fonts**
 - › 138 built-in sewing stitches including 10 styles of one-step buttonholes, and 3 sewing fonts.
- **Easy stitch selection via 10 digit pad**
 - › Ability to quickly select the stitch pattern desired with a simple touch on the stitch keys. Easy to attach and view stitch reference chart also included.
- **10 Memory pockets**
 - › Save your favorite pattern combinations in one of the internal memory pockets for future use.
- **My Custom Stitch™ feature**
 - › Create personalized stitch patterns for any style of sewing.
- **Easy to read LCD screen**
 - › The LCD display screen makes it easy to manage all sewing functions including stitch selection, stitch length and width and recommended presser feet.

- **Hard portable machine cover included**
 - › Provides travel and storage protection for your machine.
- **Quilting accessories included**
 - › Wide table, walking foot, quilting foot, quilting guide, as well as a side cutter attachment.
- **Lowercase lettering**
 - › Lowercase letters and additional characters are available for all 3 sewing font styles.
- **Sideways sewing**
 - › Perfect for sewing patches and appliques on projects using the straight stitch and zig zag horizontal sewing capability.
- **Automatic upper thread tension**
 - › Adjusts upper thread tension for preferred stitches on virtually any fabric.

Innov-is NX-250

SPECIFICATIONS / BENEFITS

- **Built-in stitches and buttonholes**
 - › 80 built-in sewing stitches including 7 styles of one-step buttonholes.
- **Computerized easy stitch selection via 4 cursor keys and LED screen**
 - › Ability to easily select the stitch pattern using the cursor keys and LED screen.
- **Quick-Set™ bobbin**
 - › Just drop in a full bobbin, pull the thread through the slot and start sewing.
- **Adjustable presser foot pressure**
 - › Adjust the presser foot pressure to align with the feed dog motion for smoother delivery of fabric height variations.
- **Advanced Needle Threading System**
 - › With the press of a lever, the thread is pushed through the eye of the needle.
- **Super bright LED work lights**
 - › Helps reduce eye strain when sewing on dark fabrics and ensures accurate seams and stitch quality.
- **Hard cover**
 - › Helps protect your machine from dust.
- **Included bilingual operation manual**

Pacesetter® PS3700

Limited Edition

Included Project Runway Rolling Bag

5234PRW

SPECIFICATIONS / BENEFITS

- **2/3/4 thread (1 or 2 needles)**
 - › Multiple thread options allow you to easily convert between 2, 3 or 4 thread stitches for professional finishes.
- **Easy one-touch needle threading for two needles**
 - › Easy-to-use in either needle position and easy on eyes and fingers.
- **Included large extension table**
 - › Expands your work area and makes for greater fabric control while overlocking.
- **Two stitch fingers**
 - › Adjust thread tightness for perfectly formed stitches on varying fabric thicknesses.
- **Bright work area**
 - › Dual level bright LED lighting helps reduce eye strain.
- **Presser foot pressure adjustment dial**
 - › Change settings to accommodate varying fabric thicknesses.
- **Stitch length from 2.0mm to 4.0mm**
 - › Suitable for any type of project and easily adjustable with stitch length dial.
- **Stitch width from 5.0mm to 7.0mm**
 - › Adjustable to provide the perfect stitch width, especially on lightweight fabrics or to create the popular rolled hem on napkins and tablecloths.

Limited Edition

- **Differential feed ratio of 0.7 to 2.0**
 - › Improves stitch quality on all types of fabric and acts as the tool for custom lettuce edge finishes on specialty fabrics.
- **Color coded thread guides**
 - › Allows for easy upper and lower looper threading and quick thread changes with all thread types.
- **Up to 1,300 stitches per minute**
 - › Saves time when sewing and completing serged edges.
- **Free-arm serging**
 - › Removable table section makes serging cylindrical pieces quick and easy.
- **Removable trim trap**
 - › Collects fabric as the adjustable serger knife trims and serges.
- **Specialty feet included**
 - › Blind stitch foot and gathering foot.
- **Included bilingual operation manual and instructional DVD**

3034D

- **Presser foot pressure dial**
 - › Adjustable dial assures consistent fabric delivery.
- **Included operation manual**

PQ-1500S

SPECIFICATIONS / BENEFITS

- **1,500 stitches per minute**
 - › High speed straight stitch.
- **Heavy duty construction for sewing, quilting and crafting**
 - › Increased stability at high speeds.
- **Automatic thread cutter**
 - › Automatically cut the upper and lower thread.
- **Brother® exclusive pin-feed mechanism**
 - › Moves several layers of fabrics simultaneously for sewing accuracy.
- **On-board fabric separator tool**
 - › Easily sew seams in contrasting fabrics without puckering.
- **Knee lifter for quilting**
 - › Ability to lift presser foot with knee frees your hands to turn your projects.
- **4 color-coded levels of feed dog adjustment and presser foot pressure**
 - › For visible and maximum fabric control.
- **Extension table with bobbin case opening**
 - › Helps you manage those large projects. Easy access point eliminates the need to remove table to replace oversized metal bobbin.
- **Dual thread stand**
 - › Keep 2 thread spools ready with on-board thread stand; use thread spool extender for quick and consistent threading.
- **Optional 6 needle felting attachment**
 - › Customize a wide range of fabric surfaces with specialty roving or contrasting fabrics up to 1,000 stitches per minute.
- **Included bilingual operation manual**

Innov-is NX-450Q

SPECIFICATIONS / BENEFITS

- **Built-in stitches, buttonholes and fonts**
 - › 129 built-in sewing stitches, including 10 styles of one-step buttonholes and 3 sewing fonts.
- **Easy stitch selection via 10 stitch keys**
 - › Ability to quickly select the stitch pattern desired with a simple touch on the stitch keys. Easy to attach and view stitch reference chart also included.
- **Advanced needle threading system**
 - › With the press of a lever, the thread is pushed through the eye of the needle.
- **Built-in scissors**
 - › Cut the thread with just the touch of a button. Programmable thread cutting.
- **10 Memory pockets**
 - › Save your favorite pattern combinations in one of the memory pockets for future use.
- **My Custom Stitch™ feature**
 - › Create personalized stitch patterns for any style of sewing.
- **Easy to read LCD screen**
 - › The LCD display screen makes it easy to manage all sewing functions including stitch selection, stitch length and width and recommended presser feet.
- **Hard cover included**
 - › Provides travel and storage protection for your machine.
- **Quilting accessories included**
 - › Wide table, walking foot and quilting foot.

Bobbin Work Kit

Add impressive stitching to your projects with our new adjustable bobbin case for Bobbin Work which allows you to use a variety of decorative threads and ribbons in your creations. Use the new bobbin case to create reverse “upside down” sewing with specialty threads that don’t fit through the eye of the needle, and experience the delight when you turn the fabric over to see the raised 3D stitches you have added to your creation. The kit includes 20 free-motion design templates (.pdf data), bobbin case for Bobbin Work, specialty thread bobbin cover, small screwdriver and Instructional CD-Rom. Compatible with most Brother® Innov-is Sewing and Embroidery Machines.

SABWRKI

Circular Attachment Bundle

Automated fabric pivoting creates precise circles with radii ranging from 30mm to 130mm. Excellent tool for creating circles with straight stitching, zig zag, embellishing and decorative stitches.

Bundle includes a circular attachment, Brother® braiding foot, Brother® cording foot, a semicircular protractor template and instruction manual.

Compatible with Brother® Quattro™ 6000D, Duetta® 4500D, Innov-is 4000D/2800D/2500D/1500D/QC-1000/1250D/1200/900D/80/40, NX-2000, NX-800, NX-650Q, NX-450Q/NX-450 and NX-250

SACIRCI

Embroidery Machine Frames

No matter what make, model or size, we have what your job needs with frames ranging from our 1" x 2-1/2" small frame; to our 7" x 4" Border Frame for the Quattro™ 6000D, that allows you to effortlessly create and repeat vertical and horizontal designs; to our 14" x 14" jumbo frame for the PR-SERIES.

Select frames appropriate for your machine. Some frames can be used only with limited machines. Ask your Authorized Innov-is Brother Dealer or check the Home Sewing and Embroidery pages at www.brother-usa.com.

Accessory Feet

Come explore the extensive line of Brother® Presser Feet, designed to make your sewing, quilting and embroidery jobs easier. Whether your interest is ruffling, felting, cording, or fringe, we have the foot to fit your needs.

Prewound Bobbins and Bobbin Thread

Brother® Bobbin Threads are strong, soft and smooth, and perfectly balanced to the needle thread. For best results, use the Brother Bobbin Thread designed specifically for your machine.

Carrying Case

Keep your machine protected with this universal hard case designed to hold medium sized sewing and embroidery machines. This case is also great for the portability of sergers.

5300

Metallic Thread Set

14 amazing metallic colors. 100% polyester specialty, high-quality, durable thread with shiny texture. Developed in Japan for Brother® Embroidery Machines and compatible with other embroidery machine brands. Designed for high speed embroidery stitching. Dependable thread delivery through tensions and a variety of needle and stabilizer types. Maintains its thread color beauty and quality even in the most intricate designs. 300 meters (328 yards) per spool. 14-pack multi-color thread set.

MTPK14

Also available in individual color 5-pack sleeves.

High Quality Embroidery Thread Set Collection

An attractive way to showcase the beautiful Pacesetter® polyester thread color collection. This set includes 63 spools of 100% polyester embroidery thread of 40-weight, 1,100 yard double-snap spools that keep thread from unwinding. The thread is specially designed and tested for Brother® Embroidery Machines. The metal rack fixture is made with a polished, white finish to blend in and complement any home-studio décor. It accommodates 60 mini-king and/or king size spools and can be a tabletop display or wall mounted. No assembly required. Measures 17.5"L x 21.5"W x 2.5"D.

ETKS63

Pacesetter® 100% Polyester Embroidery Thread Pack

Top quality embroidery requires the best thread suited to your machine. This 40-weight 100% polyester embroidery thread is specially designed and tested for Brother® Embroidery Machines. Top quality, durable and with high shine, your embroidery projects couldn't look better! Included are 600 yard double snap spools (which keep your thread from unwinding) in black, white, red, blue, green and yellow.

SAEP706

Pacesetter® Poly Core/Poly Wrap Sewing Thread Pack

Strong, quality thread for all of your sewing projects. Specially designed and tested for Brother® Sewing Machines, this 40-weight thread offers top quality, colorfast usage. Included are 430 yard double snap spools (designed to keep your thread from unwinding) in black, white, grey, blue, pink and taupe.

SASC706

Embroidery Starter Kit

The ideal starter kit for your embroidery projects. Designed with Brother® Embroidery Machines in mind, this kit includes: one 6-pack of 40-weight 100% polyester embroidery thread; one 10-pack of Organ Embroidery Needles; one 10-pack of empty bobbins; one 10-pack of pre-wound thread on bobbins; 12 sheets of 9" x 7" tear-away stabilizers; 12 sheets of 6" x 6" cut-away stabilizers; one pair of German Stainless Steel Snips.

Sewing Starter Kit

Sewing projects couldn't be easier. Designed with Brother® Sewing Machines in mind, this kit includes: one 6-pack of 40-weight poly core/poly wrap sewing thread; one 10-pack of Organ Embroidery needles; one 10-pack of empty bobbins; one Clear-view accessory foot; one Pearl & Sequins accessory foot and one Cording accessory foot.

SASCKIT1

PE-DESIGN® NEXT

- › New user-friendly graphical interface provides instant access to design attributes, sewing order, and a new stitch simulator.
- › The new PE-DESIGN® NEXT Link Function allows multiple PR-1000 and upgraded PR-650 machines to be linked from a single computer with queue functionality. Perfect for the small business owner who now has the ability to queue up to 100 designs that are ready to stitch out.
- › The new Name Drop function can be used to create different names with the same design and layout. Saves time when stitching out garments for an entire sports team.
- › 200 lettering and design templates are included for perfectly sized logos and design/lettering combinations. Just choose a design and add your own lettering.
- › Projects can be personalized using the 60 additional built-in fonts for a total of 100 font styles, which include 95 regular fonts and 5 small text fonts. In addition there are two monogram fonts. A new font outline feature is now available to add an interesting dimension to select lettering styles.
- › The embroidery outline feature can add numerous lines of stitching around a design, creating unique effects reminiscent of echo quilting.
- › A new candlewicking stitch and stem stitch have been added for more expressive embroideries, along with the spiral floral pattern feature which transforms basic shapes into unique embroidery creations.
- › Additional copy functions expand capabilities to circle copy, and vertical and horizontal mirror copy for perfectly aligned duplicated designs.
- › For those that like to create their own designs, (WMF) vector images can now be read in the software.
- › Compatible with Windows® XP/Windows® Vista/Windows® 7 (32 or 64 bit).

Already own PE-DESIGN® versions 5.0, 6.0, 7.0 or 8.0? You can still enjoy all the new and enhanced features of PE-DESIGN® NEXT by easily upgrading your existing software with PE-DESIGN® NEXT Upgrade.

PEDESIGNNEXT/SAVRPEDNEXT

User-Friendly Graphical Interface

PE-DESIGN® Lite

- › Compact but powerful version with embroidery editing and digitizing capabilities.
- › Create embroidery designs within two frame sizes.
- › Design size options are 4"x4" or 5"x7".
- › Import other embroidery file formats using the multi-format import feature.
- › Easy to use editing functions: move, resize, copy, paste, delete, thread color order, stitch density, and stitch angle.
- › 35 built-in fonts.
- › 53 built-in sample design files.

PEDESIGNLITE

PED-Basic®

- › Download embroidery designs, perform simple editing on .pes files and write those .pes and .pen files to the included Brother® proprietary design card.
- › Create embroidery designs within three frame sizes.
- › 12 built-in embroidery samples.
- › Realistic stitch design previews so you can see how your stitching will look before you sew it.
- › Print design previews for use as placement templates.

Quattro™ 6000D Software Upgrade

Designed to help you get even more creativity, versatility and professional results from your Quattro™ 6000D.

Features and Functions Include:

- › The InnovEye® Technology has a new Scan Capturing Feature that scans what is hooped on the machine and then displays it on the LCD screen for design alignment and realistic viewing; enhanced on-screen auto resizing from 60% to 200% of original design – stitch density can also be adjusted when using this feature.
- › A bobbin case for Bobbin Work is included for creating beautiful reverse Bobbin Work using threads and fine yarns that are too thick to put through the eye of the needle.
- › 14 unique and elegant Bobbin Work Embroidery patterns.
- › Enhanced InnovEye® Technology features include:
 - Centering function to easily find the center of a design.
 - Grid display for easy alignment of the needle.
 - 200% magnification of the needle position.
 - Screen shot capturing function of setting and camera screens.
 - New image capturing fabric thickness sensor for image capturing function.
- › To round out the new creative features, a cursive embroidery font, 1.5 enlargement of thumbnail viewing, continuous scrolling of design pages, improved stitch combination preview and realistic preview, additional settings screen for new functionality and 12 included languages.

SAVR6000DI

Stabilizers

When creating on machine embroidery, the use of the proper stabilizer helps to provide a good foundation as well as prevent fabric slippage and puckering. Refer to labels for descriptions on what each stabilizer does, what fabrics it's best suited for, and tips for use. Designed with you in mind!

- SA519 Iron-on Backing 11" x 1 yd. (3 Pieces)
- SA5810 Tear-Away Medium Weight 15" x 10 yds.
- SA5820 Large Project Tear-Away Medium Weight 20" x 10 yds.
- SA5815 Tear-Away Medium Weight Adhesive 15" x 10 yds.
- SA5818 Tear-Away Heavy Weight 15" x 10 yds.
- SA5929 Cut-Away Heavy Weight 15" x 10 yds.
- SA5931 Fusible Cut-Away Medium Weight 15" x 10 yds.

Water soluble stabilizer is perfect for fabrics and applications when it is important that no stabilizer remains after the embroidery is completed. It is also recommended for placement on the top surface of fabrics with a high nap, such as fur or terrycloth.

- SA520 Water Soluble 11" x 3.3 yds.
- SA540 Lightweight Water Soluble Roll 15" x 25 yds.
- SA541 Lightweight Water Soluble Roll 15" x 6 yds.
- SA5906 Lightweight Adhesive-Backed Water Soluble Roll 15" x 6 yds.
- SA5930PK12 Pre-Cut Lightweight Adhesive-Backed Water Soluble Sheets 13" x 19"

The Ladies Fashion & Beauty Bag Collection

The **LFB Trolley Bag** is an incredibly smart storage solution for all of your needs on the go! Designed to fit small sewing and embroidery machines such as the LB6800PRW and the Innov-is 900D. Great overnight bag too! **SALFB1**
