Dear **Longton**

teens, did you know that community service makes your school records look that much better when it comes time for college applications? It does! Our community is wonderful in that it provides opportunities like Community Service Day, but did you know that volunteering at the library also gets community service acknowledgment? That's right! We will write letters to go in your school file and to prospective colleges for volunteering with us! There are so many things that you can do to help! Come see me at the library to find out more!

Longton City Scene July 2011

Longton Fire work
Show - July 2 at the
City Ballfield.....
Starting around 9pm or
shortly after!!
Every one is welcome!

Elk County Free Fair In Longton

Plans are being made for the 2011 Free Fair on August 5th & 6th!!!!

Schedule of events will be available later.

Organizations, Churches & anyone who would like to be in a parade, is welcome to join in the parade, Saturday morning downtown Longton.

Longton Public Library News

Ah Summertime, the temperatures are getting hotter and the afternoons are getting longer. What better place to be on a hot summer day than the library?! Are you planning a trip or going camping? Check out a book or two! If you're going to be in the car traveling make sure to see our books on CD, we have a wide range of titles for all ages. If you're staying home, why not check out a few movies; remember it is always free to borrow things from the library! Our library is always nice and cool and there are computers and games available as well.

Story time is still going on - every Wednesday at 3:00 PM, we haven't had a very good turnout yet, but I would love to see more kids there! Make sure to come see us and your friends and enjoy a good story or two.

SUMMER READING PROGRAM

Yes, it is that time of year, time for the Summer Reading Program, brought to you by your local library! This year I'm inviting you all to travel around the world with us! This year's theme is ONE WORLD, MANY PLACES - we will be reading stories about other countries and doing crafts playing games and having snacks too as we travel around and learn about our world, all without leaving town! Adults: If you have a special story or information from your own experiences we would love to have you visit us during that week!

We have had a wonderful turnout the last few years and I'm hoping we will see all of our friends again this year too! The program will run the last week of July, July 25th - July 29th. We're going to change things up a little this year and we will do our program in the morning from 10 AM - Noon. Be looking for more information as we get closer to that date. Updates will be posted on Facebook and fliers will be up around town in July.

Automation is coming! Automation is coming! I know I've been talking about automation the last few months and we are getting closer and closer. Our library collection is being entered into the statewide database and we're getting our books ready for scanning. We even have our scanner already! I'm hoping we will "go online" with our project no later than September. Remember, everybody gets a new library card! Plus anyone will be able to request to borrow books from anywhere in the state, for free, and have them delivered to our library. Then when you are done, you bring it back in and we ship it back for you! This will open up our possibilities for lending like never before. Keep watching for more news!

Remember library hours are Tuesday - Friday from 2:00 - 5:00 PM. We will be closed this Friday, July 1st in honor of Independence Day.
