It is hard to believe that we are already in 2011! It seems like we just started 2010! With the New Year many of us will make resolutions to finish that pile of UFO's from the previous year before starting anything new! If you are like me though that resolution will most likely fail in the first month. **It's just so fun to start a new project!** Whether you are finishing projects or starting new ones, I hope you have a fun and productive year of sewing in 2011!

The first quarter is full of exciting Events in the Creative Center! In January it is "Out with the Old and In with the New!" Take this great opportunity to trade in your old Embroidery Software, no matter what brand it is, and take \$500.00 off the purchase of the 5D Suite from PFAFF! Or trade in your old sewing machine and receive up to \$2,000.00 off the purchase of your New PFAFF Sewing or Embroidery Machine. February brings together a great partnership, the PFAFF Creative 4.0 Embroidery Machine and Coverlock 4.0 Serger! Purchase these two machines and receive a Rebate for \$750.00 from PFAFF. March brings us "National Quilting Month". Come in and test drive a Quilt Expression 4.0 and be entered into a national drawing to win a Quilt Expression 4.0 and Quilters Tool Box from PFAFF. The Quilt Expression 4.0 was rated as a Consumer Reports Best Buy in 2010! Also in March we are honored to have Linda Visnaw, from Arizona joining us as we celebrate National Quilting Month. She will be teaching three full days of quilting classes, fitting for all who want to grow their domestic machine quilting skills. Ask off for March 17, 18, and 19, you will not want to miss out on any of her three classes.

Starting in January is also the new "PFAFF Owners Class Series". It has been revamped for 2011 with new handouts, techniques, and helpful hints to help you better learn your new PFAFF machine. The Owners Series' are held throughout the year on Thursday Nights or take part in the "New" Friday morning series. If weekdays don't work for you take an "All Day Owners Class" that will cover Classes 1-3 in one all-day Saturday Class. Please register for all your machine owners classes early so we can prepare for you the best class experience possible!

....what is the most important "part" on your sewing machine!?! If this part is not working right, then your machine will not even make a stitch. Yep, that's right, the Needle. It's the most important & one of the least expensive parts on your machine. Do you change your needle out after every six to eight hours of sewing? Do you have the right needle in for the sewing task at hand? Not sure come on in and let the Creative Center experts help you out!
