By the time you read this Roni and I will have returned from Pfaff Convention and given the reports to tell you all the latest news. We know there will be new machines and notions and even have some hints ahead of time as to what we will see. Pfaff is celebrating 150 years of making sewing machines. The new creative performance which is

a top of the line sewing machine with optional embroidery, promises to be a wonderful addition to the line. Special 36 months financing is available to qualified buyers. We hope you are as excited about all of it as we are and come to see!!!

Mother's Day and Memorial Day are two special times in May. My mother always enjoyed and appreciated anything I made for her so I hope if you have a mom, she does, too. Come make easy flowers for her!

May is also the end of school for many of you. This means more time to come to classes and we are planning for you. Frequently we hear people of all ages ask about beginning sewing, so that will be our initial focus, with more to follow.

Smile at a stranger today and see what happens. You may be the bright spot in their day.
