Class Project: Create a beautiful quilt using only Half-Square Triangles (pictured above). Learn a quick, easy, precise method of making half-square triangles. It's so easy any greenhorn can do it! Be sure to invite your friends!

We've hired some ranch hands to help everyone move their gear into the 'barn' for the Hoedown. You pack it – they'll move it!

Complete details and supply list available with registration.

Special Guests – Eleanor Burns & Sue Bouchard

We are kicking up our heels with excitement as Eleanor and Sue are joining us for this fun day of sewing! Ya'll will want to be here, so giddy on up into SEW BIZ and git yourself signed up!

Scrap-Bag Challenge

When you sign up for the Half-Square Hoedown, you will select a brown bag of scraps. You can add other fabrics but you must use scraps from the bag in your Challenge entry. Anything sewing is acceptable. Wallhangings, table runners, bags, pin cushions - whatever you envision! The more unique, the better. Projects will be judged by viewer's choice. So by hook or by crook, get your entry started and don't wait until the last minute!
