Is it my imagination, or did we fast forward to February? I was working on the newsletter in November trying to get a jump on it due to the holidays, but you can see that didn’t work out the way I planned. You might have noticed right away that this edition is only for two months. I had heard from a few of you that the off month quarterly sometimes made things confusing. So the next newsletter will be regular quarterly issue.

We have some fun new classes for you. Plus a favorite - Scrap Therapy is on Saturday, February 7th or Thursday the 12th. It’s the perfect way to start out the year. I think every quilter should own a spool quilt and the scrap sample that Anna has for class is fabulous. Check it out on page 4 and then call & sign up to make your very own. I know you must have some scraps around somewhere. LOL

Did you know that our very own Tiffany Hayes taught two classes at Road to California this year? Both were a Downton Abbey Mystery. Did you miss it? Well the good news is that you can participate in the mystery with Bolts. One of the best parts is we are it’s Sunday afternoon. It was 6 pm to midnight. Read all about it on page 6.

This year’s BERNINA 350PE Special Editions will arrive soon. Which one is your favorite this year? Ricky Tims or Tula Pink? See them on page 8. If you were in love with either peacock or the butterfly version from last year, you are in luck! We have one of each left in stock and have them at a fabulous closeout price. These 350PE’s come with a slide on tray, freehand system, 1/4” foot and the Walking foot, machine Mastery classes & your first year service. Come in and see us to get the scoop. Sorry, no prices will be given over the phone, or by email.

Dawna, Fay and the rotary crew.

Did you know if you bring your own bag, or don’t take a bag you will be entered into our monthly drawing for a $15 gift card?

SEWING MACHINE SERVICE & REPAIR
Does your machine need a spa day? Let us take the tension out of your sewing by giving your machine a treatment. Besides giving it a thorough cleaning, we’ll lubricate it, and check it from hand wheel to bobbin case, making factory precise adjustments as necessary. We will return it to you cleaned up and in tip top shape.

When you bring your machine in for repair, please bring the following items to help us service it faster:
1) Bobbin and bobbin case (thread tension needs to be adjusted with your bobbin case).
2) Zigzag foot (#1) and regular, not straight stitch, throat plate.
3) Buttonhole foot, if you have a computerized machine.
4) Bring the machine in its case, along with the foot control and power cord and embroidery module if it has one.
5) For sergers, also bring four spools of the same thread.

If you are experiencing a problem, bring an example of the fabric and thread you are using. Sometimes we can diagnose and correct the problem on the spot.
