Energized is a great color washed quilt. Color wash is a graduation of color from light to dark in a single color palette. We will cut random sized strips and make strata sets. The best thing about piecing these strata blocks is that you don't have to worry about matching any seams. Pick two of your favorite colors and we will manipulate our strata blocks into many beautiful layouts. This quilt is basic piecing which results in an amazingly impressive quilt.

Lil' Critter Quilts

Tuesday, 3/22, 10:30—4:30

These little quilts are the most fun to make! If you have a child in mind or just for yourself as a throw they are quite unique. First we will perfect our machine applique skills for the precise applique of the animal. Your choices will be a frog, bunny, or teddy. Then we will draw lines on the background to write the story to be machine quilted. Quilting something you already know such as hand writing, your machine quilting skills will improve more than you can imagine! The quilt will be finished using a 7/8" - 1" rick rack as a little surprise added in the binding.

Tuition: \$55

Instructor: Susan Edmonson

French Braid As A Border

Friday, 1/22, 10 to 4

When I picked this quilt to make, I wanted something different. In this class we will be making the borders of a quilt. The center is a large cut of fabric and the pieced portion of this quilt are the borders. The construction of the French Braid is surprisingly simple. The challenging part of this quilt will be fabric selection and placement. French Braids are nothing more than two-sided log cabins. In this class we will focus on the construction of the braid. Once you have completed one braid we can pick out your center fabric. We will discuss the trimming of your braids and the process of assembling your quilt but will not complete this quilt in class. Tuition: \$45 Instructor: Joanne

Project Bag

Friday, 2/12, 10 to 1

You must have basic sewing skills, and be able to do simple quilting such as straight line stitching, cross-hatch or free motion. Simple designs for quilting with your walking foot will be demonstrated in class. Upon completion of the class, you will have a beautiful bag, and the skills to make more in all the various sizes.

Tuition: \$25

Each block will build to create a wall hanging or baby quilt or small lap quilt when finished. You will have a quilt top at the end of class using 3 different piecing techniques and machine applique techniques.

Most of all we are going to have fun quilting and making new friends! 2 classes (divided into 4 parts) Day 1: Morning Session-4 Patch and 9 Patch, Afternoon Session-Log Cabin; Day 2: Morning Session-Triangles, Afternoon Session-Machine Applique

Simple Elegant Tee

Date: Friday, 1/29, 6 to 8

I have been inspired recently to make knit shirts on my serger - start to finish - this pattern has to be the easiest yet. Its so easy it should maybe be named the perfect tee. In this class we will cut out and construct using the serger. If you have a Cover and chain machine such as the Bernina 1300 MTC you can even do the hems on the serger, otherwise you can hem traditionally. We will focus on threading, tension and differential feed to minimize stretch as this shirt has bias edges. Tee can be made with different sleeves and in different lengths so choosing which to do is probably the hardest part!

Tuition: \$25 Instructor: Traci

Twist and Turn Bargello

Tuesday, 2/9, 10 to 3

The hardest part about this quilt will be picking the fabric. Don't be intimidated by this quilt. If you can cut strips and sew straight lines you can master this quilt. Decide on a color theme using one or two colors or as many as possible. All strips will be cut the same size and you will make 5 strip sets. From these strip sets you will cut slices and start putting it all back together again. In this class you will complete at least one strip set and start piecing your Bargello. Keep an open mind when choosing fabric, go out of your box and pick a couple zingers, you will love the outcome. Once you master this bargello I have another one to challenge you. Tuition: \$40 Instructor: Joanne
