\$100.00 per day

“OUT-N-BACK”

Ongoing Individual Competition

The “Out-N-Back” challenge is designed to test competitors’ accuracy in a timed event from distances of 200 yards to 420 yards. The lowest time with 100% accuracy is the objective. The top ten scores in each age and skill category will be listed daily on a Leader Board and competitors posting the top three scores will be awarded. Targets are placed at:

200 yards (1 target)	250 yards (1 target)
325 yards (3 target)	420 yards (1 target)

Competitors hit each target once going “out” to 420 yards. The competitor will then hit each target once, coming “back” to 200 yards. 11 rounds are required for a match. The lowest time wins. There is a \$1 fee to shoot the Out-N-Back for practice and \$2 Fee to shoot the Out-N-Back for score.
