DESIGN YOUR DREAM STUDIO SUITE

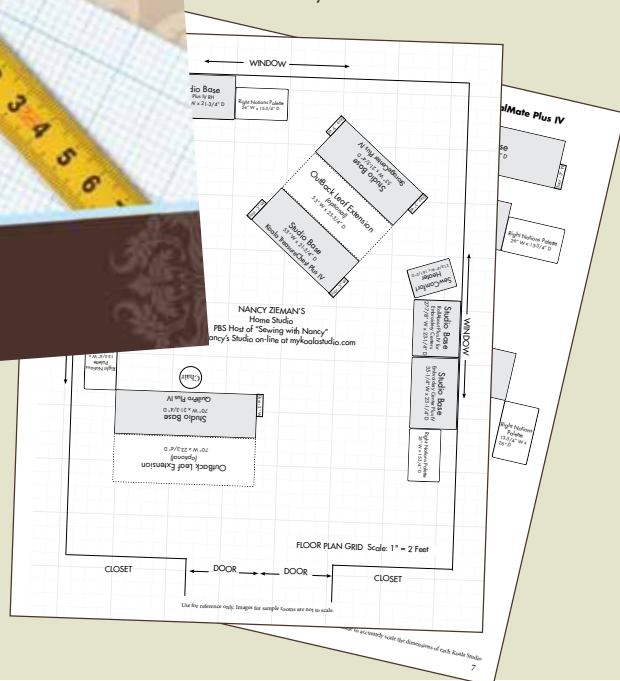

Dream Studio Planner

Koala
studios
Free-Making Furniture Custom-Built to Measure

Every Koala Studio is custom-built in the United States so you can have the studio suite that perfectly fits your sewing needs. It's easy to plan your entire sewing room, down to the tiniest detail, with the Koala Dream Studio Planner. Ask your Koala Retailer for a planner to help you decide which base model is right for your home. Then choose the height and finish that best suits your style and complements your home décor.

To further customize your Koala Studio, Koala offers numerous extra features and accessories. Add extra storage with outback leaf extensions and shelves, and don't forget a SewComfort chair that perfectly matches your Koala Studio.

KOALA SEWING FURNITURE COMPLEMENTS YOUR HOME

Fine Sewing Furniture Custom Built in America

You find serenity while sewing and take pride in the projects you create, but does your sewing studio give you the same sense of satisfaction?

Koala Studios complement your home as well as your creativity, providing a luxurious area for sewing with unsurpassed quality and unmistakable beauty.

Most importantly, Koala Studios are custom built for you. From the height and color to the storage and surface areas, each Koala Studio is more than a home for your machine... it's a reflection of you.

Koala Studios are the leading brand of sewing furniture and sold exclusively through the best sewing, quilting and embroidery retailers. Keep reading to discover what makes us stand apart. Your studio is where you create, and we'd love to create a studio just for you.

CUSTOMIZED TO ENHANCE YOUR DÉCOR

Koala understands that where you sew is a reflection of who you are. That's why each Koala Studio starts first as a base model and then is customized specifically for you and your home's décor.

Choose from eight elegant finishes for your studio. With wood grain ticking and rich color, each studio is as stunning as it is durable. Every inch of your studio – inside and out, including the rounded corners and beveled edges – are finished with Koala's exclusive scratch-resistant and water-resistant veneer. Koala studio accessories are also available in all eight elegant finishes. Choose the color that best complements your home décor, style and creativity.

SewMate Base Model Shown in African Ebony
Built at 29-1/4" in height

Koala understands that each sewer has a preference for the height of their studio, due to both their own height and the type of projects they'll be completing. Koala Studios can be raised either 3" or 6" for sitting or standing.

When you order your Koala Studio, **you can customize the height** of your studio at 29 1/4", 32 1/4", 35 1/4" and 38 1/4". Models that are 35 1/4" and 38 1/4" tall include an adjustable foot control rest and platform.

Please see the Koala Retail Price List for details on height modifications.

CUSTOM BUILT IN AMERICA

Koala Studios are built in America with the utmost in craftsmanship and quality. Every detail of your Koala Studio – from the environmentally-friendly, highest-grade engineered wood base to the steel components and decorative handles – were chosen with quality, elegance and luxury in mind.

Our American facility uses all-new state-of-the-art equipment that enables Koala to incorporate advanced and requested design features unique to the sewing industry, including customizing options. Each studio is hand-built by furnishing experts in the heartland of America.

When you choose a Koala Studio, you're choosing the highest quality studio that the industry has to offer. That's why all Koala Studios include a limited lifetime warranty as our promise of quality and responsibility for your enjoyment and satisfaction.

UNPARALLELED QUALITY

Exclusive Remote-Controlled Electric Glide Lift

Koala's lift and platform evenly supports the largest and heaviest machines with a load capacity of 80 pounds. With just the push of a button, the remote control can stop the machine in any position with no effort or mechanical lift adjustment. In every position, including the top embroidery position, the machine platform will remain solid and steady while evenly supporting your machine.

100% Smooth Surface

Every corner is rounded and beveled, with no exposed hinges or rough edges on leafs or extensions. This eliminates any drag or snagging of fabric and gives that fine furniture touch.

Top Quality Hardware

Koala Studios are built with steel components, including a 270° heavy gauge door and weight-bearing barrel hinges. You'll also find locking casters with non-marking polyurethane tires. And they look beautiful.

Steel Drawer Glides

Koala drawers feature full-extension steel drawer glides with silent soft-closing hydraulic cushions that prevent drawers from slamming. Each drawer has been weight-tested to hold 120 pounds.

TOP DRAWER DELIVERY

It doesn't get any easier than the Koala Top Drawer Delivery Service. Koala knows that you'll want to start using your new studio right away – that's why we've taken all of the work out of the delivery. Two delivery men will arrive at your home during a scheduled window of time to make your delivery.

Each Koala Studio arrives at your home fully-assembled with casters and hardware in place. Want your studio upstairs? No problem; it will be moved from the truck to the room of your choice. The delivery men will unpack your studio, place the studio where you prefer and remove all of the packaging. All you need to do is position the optional shelves, add your machine and enjoy your new studio.

QUILTMATE PLUS IV

Quiltmate Plus IV at 35 1/4" Height

LEAVE A LITTLE ROOM FOR YOURSELF

If you love quilting or large projects, then you deserve a space that allows you to truly stretch your imagination. The QuiltMate Plus IV was designed to do just that with a surface area of 23 square feet. With the machine placed to the right of the smooth surface and a maximum height of 35 1/4", the QuiltMate Plus is more than a place to sew - you'll be able to stretch your fabric freely for cutting, piecing and placement. You'll also find an adjustable foot control and platform for sitting comfort while stitching.

To complete your suite, the RollAbout and StorageCenter provide the necessary storage. The left and right Cub Plus IV studios provide the perfect bookends to the RollAbout with ready access to additional machines and sergers. With the QuiltMate Plus IV studio and suite, you can maximize your space as well as your creativity.

QUILTPRO PLUS IV

QuiltPro Plus IV at 29 1/4" Height with Companion Rollabout to the right

CREATIVE SPACES WITH YOU IN MIND

The QuiltPro Plus IV brings style, symmetry, and space to your sewing room. In addition to 23 square feet of workspace surrounding your machine, you'll find storage to the left and right, ensuring that the notions, thread and fabric you need are always on hand. When paired with a CubPlus IV, a serger or additional machine is always within your reach. You'll also find room for two Madeira Thread Treasure Chests, giving you a stunning home for more thread than any other Koala Studio.

The versatile companion Koala pieces can create the perfect suite to complement your QuiltPlus IV Studio. Match a StorageCenter and RollAbout for a remarkable amount of surface space and vast fabric and notions storage. Edit embroidery designs, measure and cut fabric, and access all your machines to sew, embroider, quilt or serge – all without leaving the comfort of your sewing room!

DUALMATE PLUS IV

DualMate Plus IV at 35 1/4" Height with companion RollAbout on the left

CREATE YOUR COMFORT ZONE

If you enjoy a variety of techniques, multi-tasking with projects and exploring new ideas, the DualMate Plus IV has the versatility you've been searching for. You'll find a home for your sewing, embroidery or quilting machine, and a serger – all in one studio! Lower the machines you aren't using for a larger surface area or instantly take a project from one machine to the other!

Add a RollAbout to one or both sides of the DualMate Plus IV for up to an astonishing 39 square feet of workspace. Take advantage of storage and shelving units and thread boxes to have everything you need for each machine within reach. Complete your suite with a StorageCenter that can hold fabric, notions and supplies for any idea that you can dream up. This is the studio and suite for any creative type in search of a flexible and resourceful home.

CREATIVE ARMOIRE

SMALL SPACES DO NOT EQUAL LESS CREATIVITY

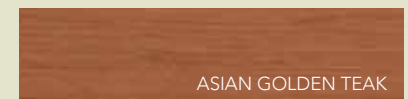

The Creative Armoire is ideal for tighter sewing spaces. It comes with a storable work area built to hold a sewing machine, serger or computer, giving the option of both a sewing area and a design station. The Creative Armoire also comes with a removable fabric palette and multiple adjustable shelves for ample storage. Plus, the entire piece is built with four lockable rolling casters making it easy to move and fit in any room.

Base Studio Includes: Two Adjustable Shelves • 3 Soft-Closing Drawers • Storable Work Surface • Bi-Fold Door with Extra Large Fabric Palette - 35" x 15 3/4" • LED Lights • 65 1/2" total height with work surface at 29 1/4" high
• Height modification not available

SEWCOMFORT ZONE HEATER

WHAT IS ZONE HEATING?

Zone heating is something that's practiced in many other parts of the world to reduce energy costs and is now really catching on in America. It's simply the practice of turning down the central heating system and using zone heaters for additional warmth and comfort in the rooms used most often — like your sewing room.

SewComfort Heaters Protect Your Home in Three Ways:

1. The built in Dual Over-Temp Protection Fuses will automatically shut off the heater at certain temperature to prevent over-heating and protect your home's wiring.
2. Children's fingers and toys are kept at a safe distance with an exclusive FeltTouch™ coating on the front grill
3. The Tilt Switch automatically turns off the heater if the heater is knocked or turned on its side.

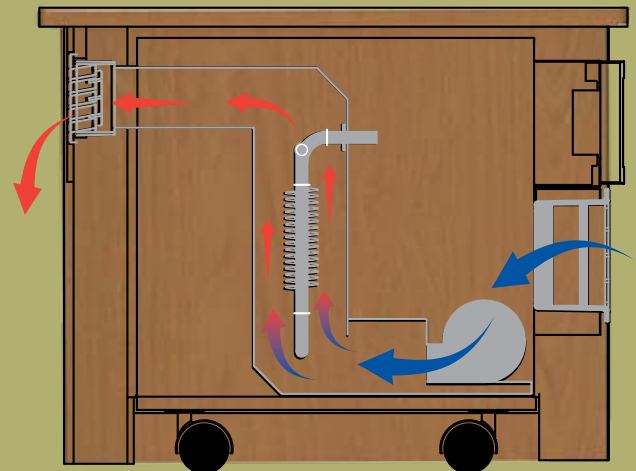

Did You Know?

Zone Heating (the practice of heating occupied rooms in your home vs. a whole house) can reduce heating costs by 20%.

Koala SewComfort Heaters are available in eight gorgeous finishes with the same high-quality materials as your Koala Studios and Studio Accessories, ensuring that your heater blends in perfectly in your sewing room.

14-1/2" W x 22-1/4" D x 18-1/2" H - RollAbout to the right

With SewComfort Heaters, air is drawn from the floor level through a washable lifetime filter. This filtered air then enters the heating chamber, passes through an exclusive mineral-filled tubular heating element, and then out of the heater through a specially-designed front louvered grill.

SEWCOMFORT CHAIR

Choose a chair that matches not only your décor, but your Studio. SewComfort upholstered chairs include a base in the same finish as your Koala Studio, and are available in four beautiful colors.

SewComfort Chairs remain true to their name, with an ergonomic design, footrest and six-way adjustments that allow you to sew with the ultimate comfort. The SewComfort Chair extends in height to accommodate all studio heights.

Chair Base Available in 8 Finishes

Chair Upholstery Available in 4 Colors

THE SEWLEBRITY CHOICE

NANCY ZIEMAN

Koala was more than my choice for a new Studio – it was an inspiration. With each piece, I have room to measure, cut, press, sew, upload, edit and more – all while keeping everything I need on hand. What more could I ask for? With such a beautiful finish, matching companion pieces, and multi-directional doors that let me adapt to any project, my sewing room is the most beautiful room in my home with unlimited potential to grow.

ELEANOR BURNS

With so many great things to say about Koala, where do I start? I had many of my Studios built at a standing height – this way, I can stand for cutting and sit for piecing. I'm comfortable for every step! The gorgeous finish puts me in the mood to create. And with all of the workspace and storage options like the Outback extension and shelves, I have unbelievable space to spread my quilts and keep my fabric stored nearby!
