August 20, 2015

FOR IMMEDIATE RELEASE

UDOT Region One Road Construction Report for August 21-27, 2015

Ogden-- The Utah Department of Transportation (UDOT) advises motorists of the following road construction and maintenance activities that may cause traffic impacts in the state’s Northern Region:

Davis County

North Salt Lake
Aug 23: The I-215 bridges (both NB and SB) between the Legacy interchange and the I-15 interchange will be reduced to one 12-foot-wide travel lane starting as early as 9 p.m. on Sunday evening, August 23. These restrictions will remain in place through Sunday, Aug. 30 as crews perform bridge maintenance. Motorists with time-sensitive travel should consider alternate routes.

Aug 26: The ramp from Redwood Road to SB I-215 is scheduled to be closed starting the evening of Wednesday, August 26 through Sunday, August 30, while crews perform maintenance work. Please plan ahead and use alternate routes.

North Salt Lake to Farmington
Aug 21-27: Nightly through September 30, I-15 will be reduced to two lanes in both directions in various locations throughout the corridor. Crews will be smoothing transitions. Lane closures will begin at 9 p.m. with I-15 reduced to two lanes by midnight. For more information call the project hotline at (888) 528-9675, or email legacy@utah.gov.

Bountiful
Aug 21-27: Construction to add dedicated right turn lanes to the south side of the 400 North (SR-106) and the 500 West (US-89) intersections in Bountiful is underway. Expect daytime shoulder closures and nighttime lane closures in the area through August. More information is available at www.udot.utah.gov/i15southdavis, or call the I-15 South Davis project hotline at (888) 966-6624.

Aug 21-27: For approximately one more week, I-15 will be reduced to two lanes near 400 North while crews paint the bridge overhead. Additionally, through August 21, portions of I-15 will be restricted to two lanes in both directions nightly while crews complete final asphalt paving between I-215 and 1500 South. Lane closures will begin at 9 p.m. with I-15 reduced to two lanes by midnight. Motorists with time sensitive travel should consider alternate routes during these closures. More information is available at the project website at www.udot.utah.gov/i15southdavis, or by calling the project hotline at (888) 966-6624.

Kaysville
Aug 21-27: Work is nearly complete on the reconfiguration of the intersection of SR-273 (Main Street) and 50 West. Crews are completing final signing and other details. There will be times during the off-peak traffic hours where only one lane in each direction will be open on 50 West or Main Street. For project information contact Michelle at 801-207-7660.

-- more --
Layton
Aug 21-27: Work is underway on improvements in the vicinity of I-15 and Hill Field Road (SR-232). Asphalt work is being completed at the West ThrU Turn (Hill Field Road west of Main Street), while curb and gutter and signing work is completed at the other three ThrU Turns. These activities will extend through early to mid-August. It is anticipated that all of the ThrU Turns will open early to mid-September. For more information call (801) 904-4064, e-mail laytonimproved@utah.gov or visit udot.utah.gov/LaytonImproved.

Aug 21-27: On Hill Field Road (SR-232) west of Main Street, the project will continue with night work paving and concrete work, as usual, but the crews are starting bridge work over Hill Field Road, beginning with driving piles this week and next. It will be done as daytime work, some noise and vibrations can be expected. Local residents may experience some test related noise and vibration. For more information call (801) 904-4064, e-mail laytonimproved@utah.gov or visit udot.utah.gov/LaytonImproved.

Aug 26: An asphalt seal coat will be applied to SR-193 from HAFB South Gate to I-15, Wednesday and Thursday nights, August 26 and August 27, between 7 p.m. and 7 a.m. Final striping will also be applied. Commuters using this corridor, especially around the South Gate Intersection at Hill Air Force Base, should expect heavy delays during this time. To contact the project team call the hotline at 801-896-9789 or e-mail: sr193improved@utah.gov

Clearfield
Aug 21-24: The 300 North Bridge (SR-107) is closed to all traffic until August 24. At that time the bridge will open to all travel. Until then, crews are completing final work. Do not attempt to cross the bridge until the roadway is opened to travel. To contact the project team, email 300north@utah.gov, or call 800-292-3557.

Aug 21-27: On SR-126 (1900 West), the project is currently progressing on schedule. Resurfacing work in the north section, from 5200 South to SR-108 (Midland Drive), is complete. Crews are currently midway through resurfacing the southern section, from SR-107 (300 North) to SR-97 (5600 South). Crews are also installing signs, curb and gutter. For project information, call the hotline at 801-859-3770.

South Weber
Aug 24: A gas line is being installed between 100 East and 800 East on SR-60 in South Weber, beginning August 24. One lane of traffic, with flagging, and a detour route provided where possible. Project will run until Mid-October. Congestion is possible, so motorists with time sensitive travel should use alternate routes.

Weber County

Ogden
Aug 21-27: Construction has resumed on the US-89 (Washington Blvd.) with crews grinding concrete to place new striping from 22nd Street to approximately 400 North. Beginning the night of August 20, a box culvert and water line will be replaced at the "Five-Points" intersection. Expect delays. For more information, call 801-712-3030, or email dave@frontlinepi.com.

Aug 21-27: Crews are reconstructing an existing traffic signal at Harrison Boulevard (SR-203) and 28th Street in Ogden. One lane may be closed in the immediate vicinity of this work, so slow down and be alert to stop as needed.

Aug 21-27: Work is continuing on Harrison Boulevard (SR-203) from 30th Street to 12th Street. Due to construction activities, parking along Harrison Boulevard is prohibited until work is completed in late September. Please remove all parked vehicles from the street as parked vehicles are subject to towing. Crews are removing and replacing asphalt between 12th Street and 30th Street. During nighttime hours, crews are removing and replacing pavement, and during the day crews are working on utilities, signage, and maintenance of traffic. For project information call 800-948-4002, or e-mail harrisonblvdrehab@utah.gov.

-- more --
West Haven
Aug 21-27: On the Midland Drive (SR-108) project between Hinckley Drive and 4000 South, the intersection of The intersection of 4275 South and Midland Drive will reopen in late August once paving, curb, gutter and sidewalk pours are completed at this intersection. Concrete work north of 4000 South will begin soon. Concrete work south of 4000 South on the west side of the road where traffic is currently located will be paved in mid-September. At that time, the traffic configuration will be moved to the newly paved concrete on the east side of the road. Roadway excavation north of the 4000 South and Midland Drive intersection is underway to prepare the area for pavement placement, and curb and gutter pouring. All turn movements will be maintained but turn lanes and through lanes may be combined. Flagging operations will be used throughout the work zone, and at driveways when needed, to assist vehicles and machinery entering and exiting the work zone. Please be alert when traveling through the project and watch for flaggers. To join the weekly project email update list, email sr108@utah.gov, or call the project hot line at 801-859-3770.

South Ogden
Aug 21-27: All traffic in South Ogden at the intersection of Harrison Boulevard and US-89 is now directed to the new intersection at Harrison/East Ridgeline Drive on US-89. Crews are planning asphalt paving patches Monday, August 24. Motorists should expect shoulder closures and traffic delays. Then, beginning Tuesday, August 25, the final lift of pavement will be placed through Thursday. This work will take place during nighttime hours with single lane closures. Final striping will be placed concurrent with paving. Finally, 1550 East at US-89 is closed for construction of new concrete islands. All traffic is directed to the new intersection at Harrison/East Ridgeline Drive on US-89. For project updates contact the project hotline at 800-292-3557, or email harrison89@utah.gov.

Aug 21-27: Work continues on a project to repave Harrison Boulevard, from 4600 South to US-89. This week crews are working on the shoulder between the curb and gutter near Shadow Valley Drive. One lane will be open during the weekends. The mainline excavation will continue and work to lower utilities will begin. Work on the pedestrian ramps will continue throughout the remainder of the project. Traffic conditions are constantly changing, so be alert for new configurations. For questions or stakeholder concerns, contact the project team via brian@vox-creative.com, or call 801-589-9898.

Roy
Aug 21-27: Work is completed on the installation of the HAWK (High-Intensity Activated crossWalK beacon) at the intersection of 2800 West at Roy Elementary School. Additionally, a Rectangular Rapid Flash Beacon (RRFB) has been installed at 2750 West (Denver & Rio Grande Trail Crossing). The new signals will be activated in the coming week and will improve safety for students accessing Roy Elementary School and pedestrians and bikers at the trail crossing. Informational videos showing how the signals work are available on the UDOT project webpage: udot.utah.gov/go/hawk. Residents with questions or concerns may contact Andy Neff by calling 801-699-6066 or emailing roy5600@utah.gov.

Box Elder County
Willard
Aug 26: On Tuesday night, August 25, and again on the night of Wednesday August 26, crews will conduct roadway maintenance work on northbound I-15 in the Willard area near milepost 354. Crews will remove several sections of concrete that has deteriorated, and replace it with asphalt paving. During this work, traffic on NB I-15 will be gradually reduced to one lane in the immediate vicinity of this work. Crews are expected to begin work at 10 p.m. each night and be completed by 6 a.m. the next morning. Traffic may be moderately congested, so motorists with time sensitive travel should consider using US-89 at the South Willard Interchange (Exit 351) north to SR-315 (750 North) in Willard, or to US-91 (1100 South) in Brigham City to return to NB I-15.

-- more --
Snowville
Aug 21-27: Crews are continuing to work on pavement repairs on I-84, from Snowville to Exit 16 (Hansel Valley). Crews are repairing pavement damage in many locations with barrels marking each spot under repair. Crews will have one lane closed in each direction, with work continuing through the end of September.

Bovine Mountains
Aug 24-25: The Region One Asphalt Paving Crew will be conduct asphalt paving operations on SR-30, near the Bovine Mountains in western Box Elder County, from milepost 26-28, on Monday and Tuesday August 24-25. Traffic will be reduced to one lane in the vicinity of work with flaggers directing traffic. Slow down and be prepared to stop.

Special Events Alert

Eden
Aug 22: The Interlaken 100 is a 100 mile open course bicycle race that will be held on Saturday, August 22. The race begins at Liberty Park, 3555 E 4100 N, Eden, and goes to Garden City on Bear Lake via SR-158, SR-39, the Monte Cristo Highway, and SR-16 and SR-30. Please “Share the Road” and be courteous to any bikers you may encounter. For more information, contact Jon Bingham at (801) 497-1789.

Blacksmith Fork Canyon to Providence
Aug 22: The Top of Utah Half Marathon will be held Saturday, August 22, starting in at 7 a.m. at A.J. Peterson Hydro Park in Blacksmith Fork Canyon and finishing at Zollinger Park in Providence. The race lasts for approximately 3 hours, with runners using SR-101 to SR-165 in Hyrum, then turning north and following SR-165 to Nibley before heading off on county roadways at Millville Road. Please “Share the Road” and be courteous to any runners you may encounter. For more information contact Kris Siddoway at (435) 764-2969.

Tremonton
Aug 21-27: The Box Elder County Fair Parade will be held on Wednesday, August 26, from 4:30 p.m. to 7 p.m. Traffic will be detoured off of Tremont Street for approximately two hours onto SR-102 at 300 East and at 1000 West. Please follow the directions of local law enforcement officials. Detour signs will be placed to assist motorists in driving around the parade route.

Roy to Park City
Aug 22: The Hogs for Humanity Cycle Ride will be on Saturday August 22. Motorcycles will leave from Riverdale, go east through Ogden Canyon, then circle Pine View Reservoir, before heading south over the Trappers Loop Highway to I-84. From there the route goes east to Morgan, and then follows SR-66 to SR-65 at East Canyon, then over Big Mountain Pass to I-80. The ride will finish heading up Parley’s Canyon, finishing in Snyderville. Be watchful for a large group of Harley Davidsons traveling together on SR-126, SR-134, SR-39, SR-167, I-84, SR-66, SR-65 and I-80. For information contact Corporal Neal Adams at (801) 710-3404.

-- UDOT --

Work may be rescheduled at any time due to inclement weather, supply issues or equipment availability. You can be removed from this weekly release simply by responding to this week’s e-mail with “unsubscribe” in the subject line. Your request will be processed without delay. For up to date traffic information visit the UDOT Traffic website at http://udottraffic.utah.gov.
