

"If You Mustache!"

An oh so sweet Wall Hanging for your Little (or Big) Man with some great Mustaches! Makes perfect Shower & Birthday gifts - great in pastel colors for the Nursery!
Approximate finished size: 12½" x 19".

SUPPLIES & NOTIONS:

- ! Three coordinating fat quarters of cotton fabrics - light (A), dark (B) & medium (C).
- ! One fat quarter of Black or Brown cotton fabric.
- ! One fat quarter for Backing.
- ! ¼ yd of Heat-N-Bond (Ultra Hold) fusible webbing.
- ! ¼ yd of Warm & White cotton batting.
- ! One 12" wide Hanger/Ackfeld Manufacturing #89227
- ! Basic sewing supplies, contrasting & matching threads.

PLEASE READ ALL INSTRUCTIONS FIRST!

- ✓ Prepare all (cotton) fabrics by steam-pressing (Cotton Setting is best) prior to use. Iron all fabric(s), use spray starch if desired.
- ✓ Transfer all markings with an erasable Frixion marker or a light pencil.
- ✓ A see-thru plastic presser foot is recommended. It's easier to see markings and where you're going while stitching.
- ✓ ¼" seam allowances included.
- ✓ FMI stands for "Following Manufacturer's Instructions".
- ✓ RST stands for "Right Sides Together".
- ✓ L/R = "Left & Right Sides". T/B = "Top & Bottom" (refers to Borders).

To Make The Mustache Wall Hanging:

1. Cut one (1) 7½" wide x 15" long piece from fabric A for the Center.
2. Cut 2 strips 1½" wide x 15" long and 2 strips 1½" wide x 10" long from fabric B for Small Border. Also cut (4) strips 2" wide x 22" long for Binding.
3. Cut 2 strips 2" wide x 17" long and 2 strips 2" wide x 14" long from fabric C for Wide Border.
4. Trace around the Mustache templates on the paper-backed Heat-N-Bond Fusible Adhesive. Roughly cut out Mustaches and fuse, FMI, on the black or brown fat quarter fabric. Cut out each Mustache. Set aside.

1. Sew longer cut "B" Border pieces to L/R sides, then sew shorter pieces to T/B sides, trim to square. Repeat with cut "C" Borders. Trim as necessary and press seams to the dark side (DO NOT attach binding yet).

2. Remove paper-backing from the Mustaches, arrange on Center (A) as desired and fuse in place, FMI.
3. Cut one piece each of Batting and Backing 16" x 22". Place cut Backing on a flat surface (wrong side down), Batting on top and then prepare wall hanging (right side up). Pin together. Using a contrasting thread (we used gray thread), stitch Mustache details as noted on the pattern. Quilt as desired.

4. Trim Backing and Batting even with the wall hanging.
5. Cut a 12" wide x 2" long piece of fabric, hem both 2"

wide sides, fold under ¼" then ¼" again, and stitch. Hem only one side of the 12" length, fold under ¼" then ¼" again, and stitch. Center prepared sleeve along the top of the quilt with raw edges together,

and baste along the raw edges. Whip-stitch the hemmed edge of the sleeve to the quilt backing,

(You can use your favorite Binding method or use our instructions below.)

6. Stitch the four cut 2" wide Binding strips together; press seams open. Press binding in half lengthwise.
7. Place one raw edge of the binding along the right side of the Wall Hanging. Fold the loose end of your binding strip into a triangle and align to one edge of the Wall Hanging, RST - this will create a neat start/finish to your binding. Stitch the binding, stopping ¼" from the first corner. Cut thread and remove from the sewing machine. Fold the binding strip upward, creating a diagonal fold, and finger-press in place. Next, fold the binding strip down over the diagonal fold and align the raw edges of the binding with the side of the Wall Hanging. Stitch the binding in place until you reach the next corner. Repeat this process for all four corners. Continue stitching the binding up to the beginning and beyond about ½", trim off any excess. Fold the binding in half up and over the sandwiched Wall Hanging to the back, the binding fold line should be even with the machine-stitched line. Whip-stitch in place.

8. Slip finished Wall Hanging onto your purchased holder using the attached sleeve and...

Enjoy!
