Advanced Wool Applique with Angela Lawrence
Wed, May 7: 10:00 to Noon OR 6:30 to 8:30

Do you want to take your wool projects up a notch? In this class, you will use both wool and other fabrics such as cotton, velvet and silk to make a "Wool Potpourri" wallhanging. Embellish the finished project with rack-rack, buttons & beads. \$55 plus pattern

BEGINNING-TO-QUILT SERIES

Accurate Rotary Cutting with Pat Hjelmeland
Tues, Apr 15: 6:30 to 8:30

Before you take a piecing class, learn the basics of rulers, rotary cutters, and accurate and safe cutting techniques. We will teach you to follow typical cutting instructions for strip piecing. (Prerequisite to other classes in this series) \$20-no pattern required

Turning Twenty with Pat Hjelmeland
Mon, Apr 21 & 28: 6:30 to 8:30

This is a great pattern that is both super simple and so pretty that quilters of all levels enjoy making it. You will learn basic piecing skills and how to follow a quilt pattern. You will end up with a top worth quilting! *(Please note: You must take the Accurate Rotary Cutting class before this class unless you already have rotary-cutting skills.)* \$30 plus book

Beyond Turning Twenty with Pat Hjelmeland
Thur, May 8: 6:30 to 8:30

Have you finished your first quilt and want to move on? Learn to make strip sets, half-square triangles, quarter-square triangles, and other pieced blocks that will greatly expand your pattern choices! \$25-no pattern required

QUILTING AND FINISHING

Long-Arm Machine Certification with Jeanne Stillely
Sat, Jun 21: 10:00 to 1:00

Learn to use our long-arm in this 2-part class. In the first session, you will learn to wind and load a bobbin, thread the machine, load the quilt, and operate the controls. If you want to become certified for rental, you will need a second one-on-one session with the instructor to prepare for your "solo flight." Session 1-\$65; Session 2- \$100 for 4 hours of practice (by appointment)

Machine Quilting with Karen Abbasi
Sat, May 3 OR Sat, Jul 12: 10:00 to 3:00

Learn to quilt your own tops using your home sewing machine. Karen will teach you how to layer the quilt, set up your sewing space, and quilt straight lines before the real fun (free motion quilting) begins. She will also share tips on needle and thread selection as well as other gadgets that help with this technique. \$45-no pattern required

OTHER TECHNIQUES & PROJECTS

Machine Applique with Ginny Barchman
Wed, Jun 11: 6:00 to 8:30

Learn the skills necessary for successful machine appliqué projects. A review and comparison of techniques, thread, needles, stitches, stabilizers, and fusible webs will be presented. Class will include preparation of applique shapes through the machine stitching of the project. \$25-pattern included

Binding Basics with Pat Hjelmeland
Tues, May 6: 6:30 to 8:30

Learn to prepare your binding strips, attach them, and turn mitered corners. Every beginner needs this class to give their quilts the finish they deserve. Don't let a sloppy binding detract from your quilt! \$20-no pattern required
