Yardage Requirements

The charts below will give you the finished sizes and yardages needed for the Feathered Star quilt with and without the optional border in all block sizes.

Fabric selection tips:

Background fabric 1 and 2, will be consistent thru out the entire quilt, it is recommended that they be similar in value for best results. Choose two lights, like cream and the lightest baby blue as in our 8 inch block sample. Another option would be two darks, black and deep charcoal would be stunning as well. The background fabrics will let the stars do the talking!

Stash fabrics, will change with each star, this is where the fun begins! Choose up to 10 “stash” fabrics for your Feathered Stars. The yardages given are plenty for you to be creative. Choose two colors, then have fun selecting lights, mediums and darks for each of those colors, don’t forget to throw in something unexpected if you are feeling adventuresome! OR, choose a monochromatic look and go with all one color. OR, choose 10 different colors. *You can not make a mistake!*

Place your fabric swatches here!

Thread selection tips:

Choose a matching thread color for each of your Stash fabric choices. You will then have an assortment to select from during the embroidery process.

Thread C will remain consistent thru out the entire quilt, and is used to do the quilting on the background.

The rest of the threads from your stash fabrics will change with each star.

Also needed:

WS—Water Soluble

Embroidery Bobbin Thread, and a Neutral Embroidery Thread

Master cutting chart

Pre cut all your background fabrics 1 and 2, your backing, sashing, and binding ahead of time. This will make the sewing a much more enjoyable process!

The stash fabrics can be cut as you go. This way you can make color decisions on the fly.

NOTE: If making the border, cut all stash fabrics for the border first, then use what is left for the main part of the quilt. Border stash fabric cutting instructions can be found on the Border CD
