

CHANDAIL

NEEDLEWORK

Saira's Message

It's a dream come true for me. I feel I am the luckiest woman alive to welcome all of you to the new Chandail!

Years ago, I thought about becoming the owner of a needlepoint shop, but my husband's job took us to Europe for four years. When we returned to Houston this past summer, my dream was still alive. Fast forward to April 30th, and I opened the doors as Chandail's new owner.

My goal is to provide a warm and inviting stitching atmosphere where you want to come, stitch and learn. You will see our calendar lists local as well as national teachers as we strive to be your premier needlepoint shop.

And for those of you who can't get to the shop during the day, you can now come by in the evening. We welcome all stitchers—old and new!

So come in and see what's changed. Let me get to know you. We've always got cool drinks in the refrigerator for you!

Love, *Saira*
