**CLASS TIME:**

**CLASS DESCRIPTION:** *We will go over the tricks involved in three embroidered baby shower gifts: burp towel, "onesies", and bib. Turns out that onesies are SO easy on the 830 because it is naturally a free-arm system. You'll use the same trick for embroidering your regular shirt projects as well. We will also work with the new free-arm system for the other machines. You can still come and embroider without any free-arm system. We will have DesignerPlus up and running to customize your embroidery and all class participants will receive the design pack "Offbeat Baby Embroidery Designs" displayed in the class samples on the wall.*
