Misc. Materials:	102" x 112" quilt batting (259cm x 284cm) Template Plastic 4-1/4 yards (3.88m) 24" (60.96 cm) wide fusible web 4-1/4 yards (3.88m) 22" (55.88cm) wide tear-away stabilizer		

Further Cutting Directions:

From Fabric A, cut two 7-1/2" x *length of fabric* strips (19.05cm x LOF). Then cut ten 7-1/2" x *remaining width* (19.05cm x remaining WOF) of fabric.

Cut each of the Fabric B 12-1/2" x 12-1/2" (31.75cm x 31.75cm) squares in half diagonally twice. These are the edge setting triangles.

Cut each of the Fabric B 7" x 7" (17.78cm x 17.78cm) squares in half diagonally once, one in one direction and one in the opposite direction for corner setting triangles.

Applique Blocks :

1. Trace the applique template on paper side of fusible web 56times, leaving about 1/2" (1.27cm) between tracings. Roughly cut out each tracing leaving about 1/4" (.64cm) around the design.
2. Lightly fuse two tracings to wrong side of remaining Fabric F yardage. Lightly fuse three tracings to wrong side of each of the Fabric G through Fabric X yardage. Cut out each shape along marked lines.
3. Center each applique web side down on right side of an 8" (20.32cm) Fabric Y square. Permanently fuse shapes in place following web manufacturer's directions.
4. Cut tear-away stabilizer into fifty-six 7-3/8" (18.73cm) squares. Center a square of stabilizer under each applique. Machine applique around all raw edges of applique with a short, narrow zigzag (or other overcast stitch) using a clear nylon or matching all-purpose thread. Use a neutral all-purpose thread in bobbin. Remove stabilizer.

Assembly:

1. Referring to the quilt diagram, lay out the applique blocks and 8" (20.32cm) Fabrics C, D and E squares. Lay Fabric B 12-1/2" (31.75cm) quarter-square triangles around the edges and 7" (17.78cm) half-square triangles in the corners.
2. Stitch the blocks and setting triangles into diagonal rows. Sew the rows together. Trim quilt center to 1/4" (.64cm) past outermost seam points to about 74-3/4" x 85-3/8" (189.87cm x 216.85cm).
3. Make four borders, each with two Fabric F 2-1/2" (6.35cm) strips sewn together end-to-end. Add borders to right and left sides of quilt center. Press and trim excess from these and all successive border additions. Add remaining borders to top and bottom of quilt center.
4. Stitch Fabric A 7-1/2" x length of fabric (19.05cm x LOF) strips to sides of quilt. Make two borders each with five 7-1/2" x remaining WOF (19.05cm x remaining WOF), matching print as much as possible. Add borders to top and bottom of quilt.
5. Make four borders, each with two Fabric F 1-1/2" (3.81cm) strips sewn together end-to-end. Cut two remaining strips into two equal lengths. Sew each length to a double-length strip. Add borders to the right and left sides then to top and bottom of quilt.

Finishing:

1. Stitch three backing pieces together along selvage edges creating a backing three fabric widths wide. Layer the backing, batting and quilt top. Quilt or tieas desired.
2. Prepare binding from (10) 2-1/2" x WOF (6.35cm x WOF) Fabric F strips. Sew strips together into one long binding strip. Press strip in half lengthwise.
3. Carefully trim backing and batting even with quilt top.
4. Leaving an 8" (20cm) tail of binding, sew binding to top of quilt through all layers matching all raw edges. Miter corners. Stop approximately 12" (30 cm) from where you started. Lay both loose ends of binding flat along quilt edge. Where these two loose ends meet, fold them back on themselves and press to form a crease. Using this crease as your stitching line, sew the two open ends of the binding together right sides together. Trim seam to 1/4" (.64cm) and press open. Finish sewing binding to quilt.
5. Turn binding to back of quilt and blind stitch in place.
