Sock Doll

Remember the Stumpkin Dolls? I remember my mom sewing little babies by the dozens. Everyone she loved and adored was sure to get a baby that looked like them. In fact, she came to visit while I was in labor once and ended up handsewing almost 30 before the baby came. That’s probably why I’m so drawn to them … well, that and the fact that they’re extremely easy. These adorable little babies are all sewn by hand and really whip right up in no time at all. You’ll probably be able to complete at least one in class. They are inexpensive and fast to sew. What a great class to brush up on minor handsewing techniques.

**Tool Tote**  
Friday, March 10  
10:30 a.m. – 4 p.m.  
Class Fee: $25  
Teacher: Louise Petersen  
The tool tote is the perfect bag to make for a variety of uses such as a craft kit, a makeup kit, a sewing kit or a first aid kit. It has wire in the top so it will open fully and stay that way while in use, and it can be zippered up for travel and storage. The many pockets and pouches in this bag both inside and out make tools easily accessible. The whole tote is quilted first, so it is very durable and will look new a lot longer. You can make it with all your scraps or with just three coordinating fabrics. (The pattern maker cautions against horizontal stripes. She said it didn’t work well. Keep that in mind when going through your stash.) Homework will be to cut and label all fabrics and pre-quilt as desired. It is not necessary to quilt all of each piece as pockets cover a lot of the fabric. The pattern tells how far down is needed for a minimum. This is a full day of instruction, so come and have some fun and leave with an organized tote!

**Log Cabin Hearts**

We just love log cabins and we love using our stash! All fabric for the hearts can come from your scraps cut into various lengths of 1½ inch strips. Start assembling your piles and make this fun Log Cabin Hearts quilt with us.

**Fancy Forest**
Saturday, April 1  
9:30am- 4:00pm  
Class Fee: $25  
Teacher: Susan Swenson  
“Fancy Forest” is a delightful sampler quilt featuring some of the most popular block designs including Fancy Fox, Hazel Hedgehog, Bunny, Allie Owl, Thistly and Frances Firefly. The large quilt is perfect for a twin bed or large lap quilt. The small quilt makes a perfect baby quilt or wall hanging. All blocks are sewn with simple straight and diagonal seams. No templates or paper piecing. The quilt uses monochromatic fat quarters and solid Kona.
Come sew outside with us at our quilting bee! You’ll feel such peace and relaxation. Our very own Annette Rawlinson will show you how to make beads out of log cabin blocks! With her amazing skills, you will have so much fun!

Annette Rawlinson first learned to sew at age 8 on a treadle sewing machine. She continued her fascination with the sewing world through her teen years as she spent her baby sitting money on an electric sewing machine, learned sergers, and finished many tailoring classes in high school. While raising 6 perfect children, she sewed for people out of her home, taking classes and finding new techniques throughout the years. Recently Annette has been on the Peteeneet Quilt board for 4 years, taught at Panguitch quilt walk in 2015, and hosted a destination for part of the quilt walk in Payson to show her own quilting displayed in her yard.

She is also a domestic free motion quilter of 15+ yrs doing quilts from table top size to king size, recently becoming the owner of a Longarm and couldn’t be happier. Currently Annette enjoys spending her time as a Bernina Class and Retreat teacher and Serger specialist, playing with her 10 perfect grandchildren, and wearing fancy hats on Sundays.

While you are sewing away, take a break to look at all the beautiful quilts that will be hanging along the fence and clotheslines.

We just know with dinner & the trunk show, it’ll be a fun night!!!! We promise that you WON’T want to miss this! Limited spaces available.

Log Cabin Beads Quilt
By Annette Rawlinson

These strands of colorful “beads” make a smooth transition for the traditional log cabin quilter to enter the bright modern quilt world. Offset circles created by uneven log cabin blocks are what make this quilt an eye catcher. You will learn to use one of the new log cabin rulers to help you easily stitch up this bright beauty. This is a great quilt to use up those wonderful bright scraps in your stash!
