

## QUILT-NON SAMPLER BLOCK 6

Block 1 Buzz Saw:

Cutting:

Sorry, I forgot to take a picture.

2- 2 7/8" squares of dark fabric cut in half diagonally to create 4 triangles

2- 2 7/8" squares of medium dark fabric cut in half diagonally to create 4 triangles

6- 1 7/8" squares cut of medium dark fabric cut in half diagonally to make 12 triangles

4- 1 7/8" squares cut of light fabric cut in half diagonally to make 8 triangles

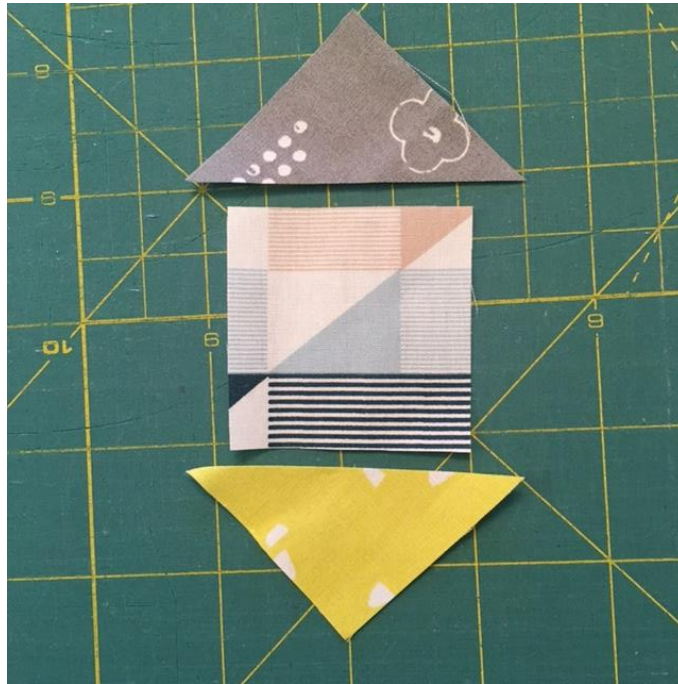

5 - 1 7/8" squares of medium or print fabric

Create 4 units like this by sewing the long sides of a medium dark triangle and a dark triangle together

Find the center of all of the small triangles by folding and lightly crease with an iron to mark them. Find the center of the sides of the medium/print squares and do the same.

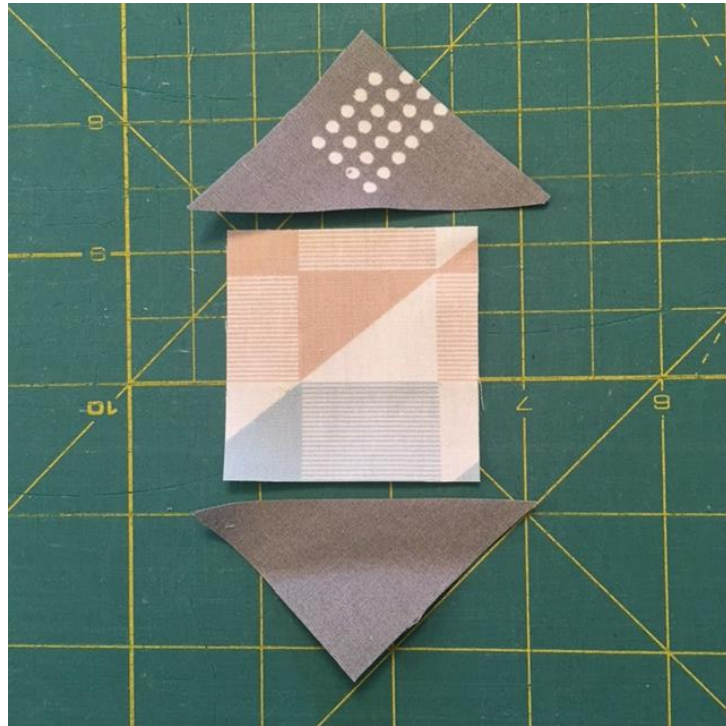

Sew one light triangle and one medium dark triangle to opposite sides of 4 of the medium/print squares

Trim the points then sew the remaining light and medium dark triangles to the remaining opposites sides of the units from the previous step.

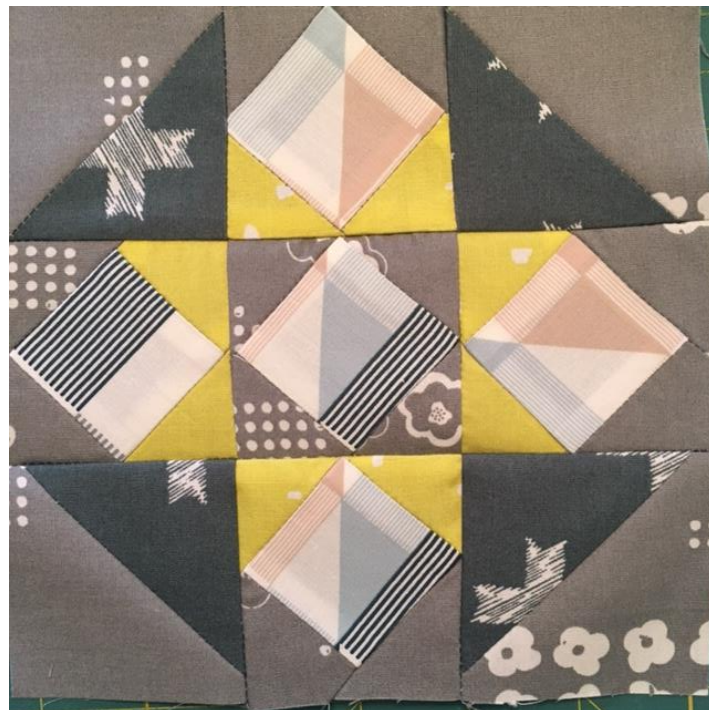

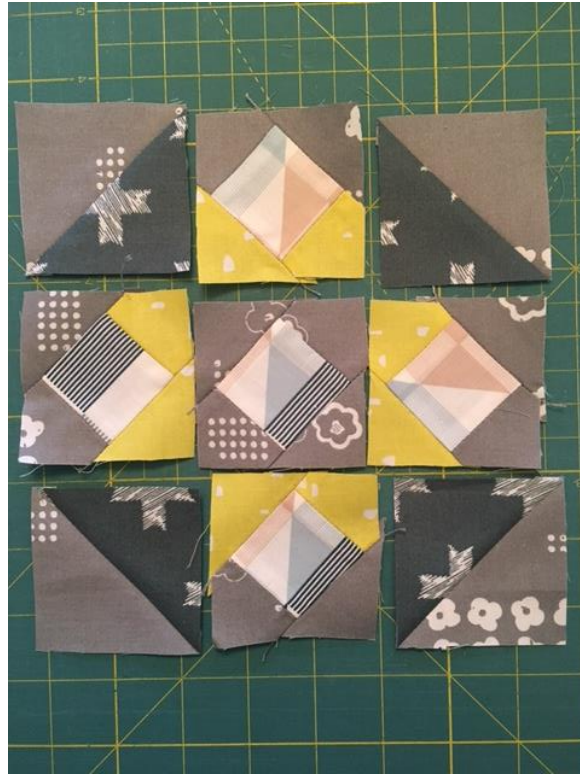

Sew two medium dark triangles to opposite sides of the remaining square.

Repeat with the two remaining sides.

Arrange all of the units in three rows as shown and sew them together.

Square to 6 ½
