6D™ Embroidery System

You Won't Believe Where It Takes You.

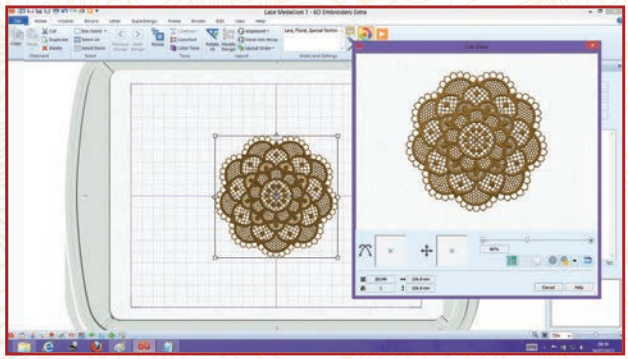
6DEmbroiderySystem.com

The new 6D™ Embroidery software will inspire you to dream, to design, and to create beautiful, personalized embroideries. Innovative features make it all possible — faster and more intuitive than ever. *You Won't Believe Where It Takes You.*

PART OF THE 6D™ EMBROIDERY SYSTEM

The most technically advanced, sophisticated, easy-to-use embroidery software system available

- Create, edit, and display designs in true three-dimensional reality with Life View, and watch your designs "stitching" on screen with the Design Player
- Preview your projects on textured backgrounds or real-life fabrics and garments
- View your threads including metallic, multicolor and varying thicknesses in your preferred real-life hoop
- Adjust color tone, brightness and contrast to automatically select new threads
- Multi-Part Design Saving – design parts stay separate when you save, open and copy, allowing individual parts of a design to be modified after saving
- Quick and easy to send an embroidery to your connected HUSQVARNA VIKING® machine
- Easily load and save most popular embroidery formats; Export is optimized for sewing
- Friendly, helpful tooltips and extensive program help built right in, plus Comprehensive User's Guides and an Online Learning Center
- Automatically receive the latest tools and improvements with Smart Update



LIFE VIEW

At Your Fingertips

TOUCH GESTURES

Supported on Windows® 8 touchscreens — Pinch, Zoom, Autoscroll, and Select and Move

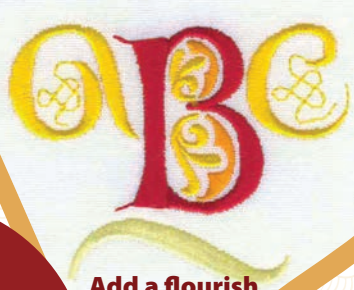
QuiltBlock Wizard

Including

16,000 THREADS

From 33 different manufacturers



Add a flourish to lettering

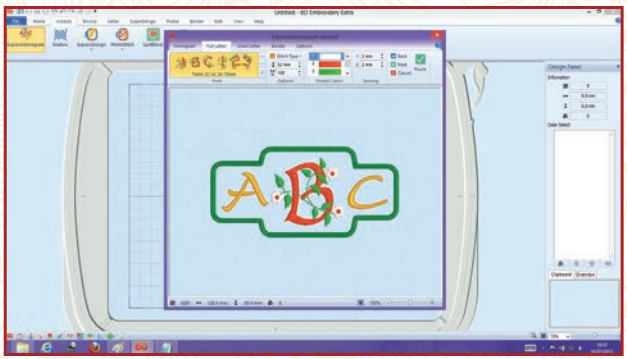
6D™ EMBROIDERY

Adjust, monogram and combine your embroideries with an unlimited number of designs and lettering options

Select multiple designs and move them as a group

- Rotate and mirror designs
- Move designs into the hoop automatically
- Change a design's stitchout order by moving it forward or backward
- Resize any design with the option to keep stitch density constant or simply rescale

- Automatically repeat and reflect your design with the Encore and Endless features
  - Make any embroidery "endless" — repeat your favorite embroideries across your hoop
  - Encore multiple designs along 8 different line types, in a circle, in one of 28 shapes or to border your hoop
  - Four types of alignment stitches for easy re-hooping and perfect results
- Personalize your projects with unlimited lettering choices including puffy foam
  - Create lettering from most TrueType® and OpenType® fonts with the 6D™ QuickFont Wizard and ExpressMonogram Wizard
  - Use the ExpressMonogram Wizard to create elegant monograms
- Resize letters individually, and adjust spacing between letters
  - Check spelling as you type
  - Automatically create lettering below the selected design
- Lettering is not fixed as an embroidery until you rotate or mirror
- Choose from a huge range of designs and SuperDesigns to adjust and personalize
- Surround lettering or a design with beautiful decorative flourishes, frames, corners and side pieces



EXPRESSMONOGRAM WIZARD

6D™ EMBROIDERY EXTRA

Includes all of the great features of 6D™ Embroidery, plus: Create designs automatically for your personalized project to audition on real garments, quilt blocks, and fabrics

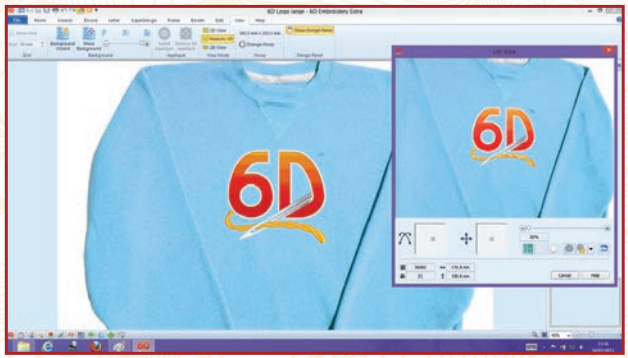
- Generate designs automatically from a picture with the ExpressDesign Wizard
  - Quickly and easily create satin and fill areas with Express Embroidery
  - Express Trace captures your images in an outline for redwork or blackwork projects
  - Create running stitch, motif, satin border or appliqué with Express Border
- Create a filled or outline quilt block automatically with the QuiltBlock Wizard
  - Choose from 9 quilt block shapes that can be placed at any angle; surround an embroidery or select one of 75 internal shapes
  - Unlimited designs can be created from the wide variety of quilting fills provided
  - Echo fill feature automatically generates a shadow effect with perfect, adjustable lines
- Create unique embroidery portraits with the PhotoStitch Wizard
  - Use your own family pictures to automatically create portraits of any size
  - Choose from 6 monochrome linear or artistic effects
  - Enhance the important areas of your photo and adjust density for different effects

Creative Convenience

THE RIBBON BAR

Makes 6D™ Embroidery Extra so easy to use — all related features are grouped together intuitively

- Change any single stitch or group of stitches with custom edit features
  - Move, add, or delete stitches
  - Rotate, mirror, scale, resize, and more
  - Simply click on the desired stitch to insert colors or stitches
- Preview your project with the audition feature
  - Audition your design on real garments, quilt blocks and fabrics
  - Choose from more than 2,400 included backgrounds or add your own
  - View and reposition an unlimited number of appliqués
- Use any size hoop with the split project feature
  - Create designs without worrying about having the "right hoop"
  - Automatically fit any design to your preferred hoop
  - Add alignment stitches automatically for re-hooping



Audition your design on real garments

6D™ CARD SHOP

Create one-of-a-kind, personalized embroidered greeting cards and more automatically with over 600 themed templates

- Celebrate any occasion, from birthdays and wedding anniversaries to graduation and holidays
- Select from five different sizes, and more than 14,000 theme variations—including postcards
- Quickly and easily embroider a whole card in one hooping
- Adjust design colors and lettering properties to create the perfect card
- Create a PhotoStitch embroidery or printed appliqué

6D™ STITCH EDITOR PLUS*

Reshape, restyle and improve your embroideries with ease

- Select a group of stitches and the objects will be recognized
- Increase or decrease the density of an area with one click
- Convert to different fill patterns and specialty fills, or add embossed patterns
- Easily select stitches in your embroideries to analyze and modify
- Add trim commands and tie-on/tie-off stitches
- Jump stitches are added automatically — simplifying the creation process
- Add a basting line around embroidery to secure fabric and stabilizer

6D™ DESIGN ALIGNER*

It's easier than ever to lay out large designs for your own hoop

- Split large designs into multiple sections automatically or specify your chosen split lines
- Adjust the overlap areas between hoops and add alignment stitches automatically
- Print templates help you complete projects with ease
- Automatically minimize the number of cuts required
- Split embroideries automatically for your preferred turnable hoop*

**Compatible with HUSQVARNA VIKING® DESIGNER™ MAJESTIC, PFAFF® creative™ GRAND DREAM or Brother Jumbo and Janome Giga hoops.*

- Make stitches bolder to improve stitch out on woolen fabrics or fleece
- Transform your embroideries — Instantly rotate, resize, mirror, skew, or scale designs or areas
- Vary your design with 12 fantastic point and global morphing effects
- Add beautiful embossed patterns to your embroideries —includes 126 resizable system stamps, or create your own from .4qb files
- Personalize your embroideries with embossed text from most TrueType® and OpenType® fonts on your computer

6D™ CROSS STITCHER*

Design attractive cross stitch embroideries with traditional quality and the speed of a machine

- Create your own cross stitch patterns or use the Cross Stitcher Wizard to create designs automatically
- Extensive selection of traditional and modern stitches
- Instantly reflect your design up to 8 times with the multiply feature
- Draw shapes with crosses, outlines and fill patterns — over 150 patterns included
- Choose from 27 elegant backstitch and cross stitch fonts, including multi-color fonts
- You can also select from most TrueType® or OpenType® fonts on your computer

Create a pattern in 6D™ Cross Stitcher. Repeat the design with the Endless Wizard.

6D™ PHOTOSTITCH**

Create wonderful family quilts, framed pictures and much more, all automatically from your own photos and images

- Step-by-step wizard helps you create portraits of any size
- Make it perfect with a selection of 396 decorative frames, corners and sidepieces, and 75 border shapes
- Includes six monochrome linear and linear artistic effects to create single-color embroidery, as well as color, heritage sepia, grayscale, and color tile stitch effects
- Improve your photos by removing background areas and red-eye. Use image effects and painting tools to adjust your pictures for perfect results

6D™ FAMILY TREE**

Create embroidery charts, quilt blocks and album pages automatically from your own family history

- Enter your own family details or import gedcom files (.ged) from other genealogy software
- Embroider information and pictures for each person or family
- Embellish your portraits and lettering with beautiful decorative frames and flourishes

6D™ Design Creator

6D™ Sketch

6D™ DESIGN CREATOR**

Create the perfect embroidery with unlimited design possibilities

- A streamlined creation process still gives you total control: trims, movement and tie stitches are added automatically
- Embroider your imagination with lace features, flowing layers of MultiWave fill and so much more
- Create designs automatically from your own pictures with ExpressDesign wizards, then transform them into masterpieces
- View your designs in real world dimensions in your specific hoop
- Full editing and digitizing capabilities — create designs from vector or raster files
- Choose from one of 75 shapes to use any way you want: fill, line, and appliqué
- Echo fill feature automatically generates a shadow effect with perfect, adjustable lines
- 250 specialty fill patterns including contour, radial, spiral, shape, QuiltStipple and more — or make your own

6D™ SKETCH**

Release your inner artist and "draw" your own stitch paintings

- Create embroidery stitches as if you are using a pencil or paintbrush
- Add free motion embroidery highlights and texture to your favorite pictures, fabrics and designs
- Sketch straight or curved lines with the "Standard" stitch creation tools: running, triple and motif line plus satin lines of varying width
- Print and embroider your masterpiece at the touch of a button

6D™ FONT DIGITIZING**

Create your own fonts and SuperDesigns to use in the 6D™ Embroidery System
