Anita Goodesign and Education

We take great pride in all of the design collections we produce here every single day. What sets us apart and brings so much value to our collections is our dedication to providing our customers with unmatched embroidery education.

We work continually to innovate our one-of-a-kind home embroidery designs and projects; however, there wouldn't be any point in creating these designs if we weren't going to show you exactly how to do them.

We have entire teams dedicated to creating our step-by-step tutorials, developing our educational materials and methods, and sharing all of this knowledge with you at our Embroidery Parties and Workshops. All of this is so you can enjoy beautiful, hand-made-by-you, embroidery designs every day.

Anita's Workshops

Our Workshops give you the opportunity to learn step-by-step how to complete great projects right from your dealer location!
