

A Mug Rug for All Seasons

These mug rugs are made entirely “in the hoop”. If you have not yet tried this embroidery technique, you will be amazed at how easy it is to create these pieced mug rugs and embroider appliqué designs in one hooping.

We will also explore another technique called Free Standing Appliqué to create the In the Hoop Cup Koozies.

This class does not involve you actually MAKING anything, it is purely instructional (watching a video on the technique)

If you would like to make it after the class, these are the materials you need.
