Appliqué Three Ways

Appliqué by embroidery machine is fun, fast, and fabulous! Explore three appliqué styles: raw edge appliqué, cut in the hoop appliqué and pre-cut appliqué. We will use the appliqué tools in the Software 7 to create an appliqué paisley design perfect for embroidering on the Okashi Courier Bag.

This class does not involve you actually MAKING anything, it is purely instructional (watching a video on the technique)

If you would like to make it after the class, these are the materials you need.
