Quilts & Kreation is very excited to be celebrating it’s 37th Anniversary and my 25th year as owner of Quilts & Kreation this Summer. I can not believe how fast the past 25 years have passed by. I have seen so many changes in the quilting industry over the years. Not only have the styles of fabrics changed, but there are so many new tools and techniques today to make our quilting experience so much easier. This celebration will start July 1st and continue through September 17. Starting July 1st when you shop at Quilts & Kreation you will earn one Quilts & Kreation Buck for every $25.00 that you spend (some restrictions will apply). These Q&K Bucks may be used as entries for the Chinese Auction that we will be having on September 17. You will have the opportunity to win one of many gift baskets. On Saturday, September 17 we will wrap up our celebration with a sale.

Quilts & Kreation will once again be participating in the Row By Row Experience this summer. It is a shop hop where there are no passports and no fees. Quilt shops in all 50 states and Canada will be participating. You have from June 21 to September 6 to visit shops to receive a free pattern for a row quilt. Combine at least 8 rows to create a unique quilt that represents the fun you had traveling throughout the summer. Be the first to bring your quilt back into the shop and receive a stack of 25 fat quarters. If your quilt uses our row you will receive a bonus gift. Something new this year is the Row By Row Junior Experience for kids. Youths between the ages of 6-14 traveling with an adult will receive a free pattern in any store that is participating in the Row By Row Junior Experience. The patterns are designed and written for kids. Blue ribbons will be awarded to the first five kids that made something using the Row By Row Junior pattern. Go to www.rowbyrowexperience.com for more information.

If you have been thinking about buying a new sewing machine, now is the time to do so. A modern sewing machine must perform many tasks and be adaptable to the individual needs of its user, and BERNINA has many options to fit every sewer needs and budget. You will want to stop in and see what BERNINA has to offer you. We are also offering many of our floor model machines at some great prices, they are gently used for demos, and they all come with full warranties. This is a great opportunity for you to purchase the sewing machine of your dreams at a great savings. You deserve it!

We are once again offering our summer sewing camp for boys and girls. Susan does a wonderful job coordinating this yearly event. It will run from July 10 to the 14. This is the perfect opportunity to get your children or grandchildren to learn how to sew, and to create the future quilters of tomorrow. There will be two classes, one is for the beginner sewer and the other is for the advanced sewer. We suggest that the children know how to operate a sewing machine and sew a straight line.

<td>Susan is once again offering a five day sewing camp this summer for children 8 years old and older. The children will be making a lap sized quilt. This is always a fun week for the boys and girls who come to her camp. Please note: An adult must come with the child on the first day of class to help the child with fabric cutting. The morning class is for beginners, the afternoon class is for advanced sewers.</td>
<td>Here is another great project using 2 1/2&quot; strips of fabric. The bowls are round in shape and there are three sizes in the pattern. You will make the large size in class. Your sewing machine must do a good zig zag stitch. A walking foot is helpful, but not necessary. Some hand sewing required. Large buttons make a nice accent to the bowls.</td>

**SATURDAY BLOCK OF THE MONTH**

Make a quilt top for just $25.00

Make a quilt top for just $25.00 by joining our Saturday Block Of The Month. The program will run for 12 months. Here is how it works: On the 2nd Saturday of each month (we will also offer 2 classes on Fridays) we will introduce that month’s block and give a short demonstration of a technique or tool that can be used to make the block. At the 1st class you attend, you buy a kit for $25.00. It has the pattern and the fabric for the block in whichever color way you choose. We will be offering 3 different color ways to choose from. Go home and make the block. Bring it to the following month’s class and you get your next kit free! For example April will be the 1st month. You bring April’s finished block to the class in May and get May’s kit free. Bring May’s finished block in June and get June’s block kit free. If you want to make blocks in all 3 colors, you may, but only 1 kit a month will be free, you must pay for the others. To get your free kit you have to come on the second Saturday (or Friday) of the month and stay through a session. **THERE WILL BE NO EXCEPTIONS.** If you can’t come one month, you can buy that month’s kit for $5.00 while supplies last. Sessions are at 10:00 am or 11:30am on Fridays, 10:00am, 11:30 am. on Saturdays starting April 7 and 8, 2017 We suggest that you have previous quilting experience to participate in this program.
