

Block of the Month

This block of the month program will extend from September through March. You will pick up (or be sent) a fabric packet to make 2 blocks per month September – December and then 4 blocks per month January – March.

Blocks are from the book *Trending Triangles* by Brenda Henning. You will receive the book at some point during the program. Instructions for each block will be included with your fabric packet. We will hold a class in September to instruct in the technique for making the half-square triangles needed for each block.

Blocks are 12" finished and the quilt takes 20 blocks. There are two colorways used in each block: a cool, green/blue way and a warm, yellow/orange/pink way. Each block uses "white" from Moda Grunge as the background. It is a "dirty" white with streaks of weathered green. (If you prefer pure white solid, you may have that.) The unbordered quilt measures approximately 60" x 75". You may add borders as you would like. We will ask you early on if and what you would like for borders as I am sure the fabrics will soon no longer be available.

We have added an "incentive to finish" in this program: if you complete your top by April 30, we will quilt it for no extra charge. If your quilt goes over the suggested size of 72" x 84" size (one border), we will charge for extra. Backing and batting are also not included in the quilting offer.

Cost is \$20 per month plus any fabrics you select for borders and backing.

Please complete and return this form by September 15:
