

Free Motion Quilting with Nancy M. Roelfsema

If you have found yourself with quilt tops galore and no time to quilt them, you've come to the right place. The main reason most of us make and quilt wall hangings and quilts is for FUN! Let's have some fun working in a small class and working on your own quilt top. Let's finish some projects!!

Supplies:

- Small scissors or snips
- Sewing machine – make sure it has been recently cleaned and the tension is working fine.
- Darning foot, also called a “free motion quilting” foot or an “embroidery foot”. If you are not sure if you have the proper foot for your machine, please come in or call well before the class as sometimes it takes a few weeks for the right foot to come in.
- Thread of your choose. We will spend only a short amount of time discussing threads and needles, so please bring what you have, and we will learn with them. When it comes time to work on your actual quilt, I will help you find the perfect thread.
- Needle: I prefer a 80 Topstitch needle, or a 70 or 80 Microtech Sharps
- Quilt Gloves - optional
- A machine extension table. The bigger your extension the better and since we are only having 6 people in this class, we should have plenty of room for even the largest ones. If you can not get an extension table, please bring large hard covered books (such as “coffee table” books) that when stacked up, will measure the height of your sewing machine bed.
- Practice squares about 18x18 of muslin or cheap ugly fabric with cotton batting in between.
- Sketch pad (will be available for purchase at the class) and a pencil or pen for drawing designs.
- Questions, Questions and more questions. Oh yea, don't forget your questions!!
