## Braid Shuffle

Pattern : Braid Shuffle by KairePatch Designs

Pattern sizes: Crib - 44" x 54"

Lap – 64" x 74"

Twin – 74" x 94"

Double/ Queen -- 94" x 103"

Use your favorite colors or themed collection to make “braids”, add sashing strips and shuffle and twist and turn. The braid rectangles are 3 1/2 inches by 7 1/2 inches.

The pattern has 2 “looks”; one has “white” or one color sashing strips, and has 2 borders; the second, called the “blue” ( but use whatever color you want) – has a light color sashing strip on one side of the braid, and a medium shade on the other side of the braid, and was designed with 3 borders.

The fabric requirements are best described on the pattern since there are 2 “looks” and four quilt sizes. Fabric amounts for the braids are given for “jelly roll” ( 40 strips of 2 1/2 inch wide fabric times the width of fabric), fat quarter ( 21” x 18” ), fat eights ( 21” x 9”), and using your scraps ! The sashing and borders are given in yardage amounts.

\*\*\* Clear Template Plastic is needed and cut to measure 3 1/2” x 7 1/2”

Regular Supply List”
