## Mom and Me Sew Pajama Bottoms/Leisure Pants

Gail Greene, Instructor

### Supply List

McCall's Pattern M6227 CHH (sizes 7-8-10-12) or McCalls pattern M6227 CS (sizes 12-14-16)

The pattern you buy depends upon your young sewer's waist and hip measurements. You **MUST** use a tape measure to determine waist and hip size, you can not use the size of the clothing they buy as they are not the same as the pattern.

M6227 CHH is for size 7 waist 23" hip 27" through size 12 waist 25.5" hip 32"

M6227 CS is for size 12 waist 25.5" hip 32" through size 16 waist 27.5" hip 36"

If your young sewer is larger than children's size 16 then you will need to purchase McCall's Pattern M2476. Again, the pattern size you will need to purchase is based on waist and hip measurement.

You will need to purchase cotton fabric, please do not choose a plaid, stripes or one direction fabric. The amount of fabric you need to purchase will depend upon the size of pattern you will be using. Size 7 requires 1 3/4 yds for long pants and size 16 requires 2 1/2 yds for long pants.

In addition to the pattern and fabric, you will need to bring the following:

Sewing machine in good working condition

1 yard of 1" no-roll elastic

thread to match your fabric

General sewing supplies especially scissors, pins, marking pencil or chalk

If you have any questions, please feel free to email the instructor, Gail Greene at [gail@stevessewandvac.com](mailto:gail@stevessewandvac.com)
