Cutest Scrap Quilt EVER!

Pattern by Gail Garber

Design by Ann Marie Stegen

Class 405: \$125 + tax

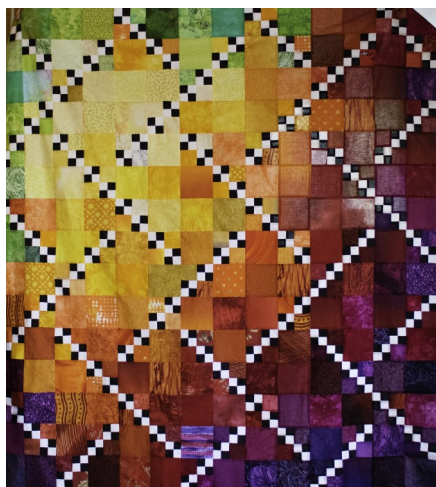

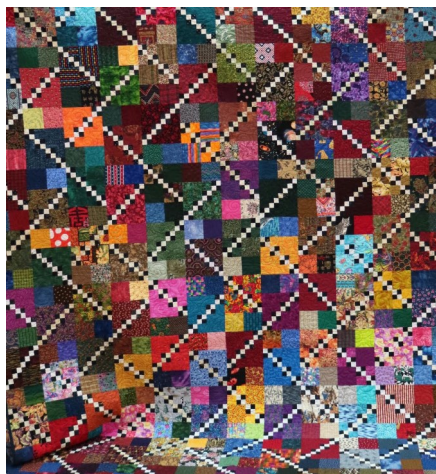

Saturdays, January 6 & 27

9:30 am - 4:30 pm

When I first saw Ann Marie's version of this quilt, I absolutely fell in love with the design. I took a photo of her quilt and then set about creating a pattern for it, with her permission. With no pattern and only a photo, I carefully figured out the math of it all.

Because this is a block repeat quilt with just one block as well as a setting block, your quilt can be any size you desire. The pattern and materials list will make a quilt 56" x 60". Your quilt can be made larger or smaller by making more or fewer blocks.

Two different quilts are shown here, one with random scraps and a color coordinated quilt. As you cut your squares, keep in mind the style you think you might want for your finished quilt top.

Hosta with Barbara Gary

Designed by Judy & Brad Niemeyer

Class #310: Four Sessions: \$96 + tax

Wednesdays, January 17, 24, 31 & February 7

1:00-4:00pm

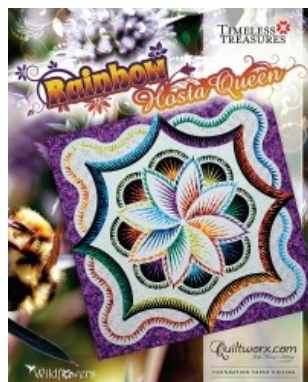

This pattern line of Leaf inspired designs includes Judy's latest paper piecing technique, involving curved-line paper piecing.

How do you trim a quarter-inch seam without an Add-A-Quarter Ruler, and with perfection every time? Well, this pattern teaches you how!

A sewing technique called foundation paper piecing is used to assemble the units required to make this quilt.

Traditional piecing and curved piecing techniques are used to join the units after the foundation piecing is completed.

The color layout for the quilts on the cover of each selection were designed in Quiltster, a subscription-based fabric auditioning application. With Quiltster, you can load fabrics into spaces on a quilt design to see what it looks like before completed.
