September 2016

Beyond First Time Quilt-making: Foundation Paper Piecing

During six hours of instruction, students will learn and practice two techniques for creating quilt blocks on paper.

Week one will focus on making a quilt block by sewing fabric to a pre-printed paper foundation to make the “Cartwheels Quilt” as shown above.

Week two will focus on making a quilt block by strip-sewing fabric onto unprinted paper.

Students may make pre-printed and unprinted blocks as desired, to make a project of their own choosing. The instructor will provide project guidance, as well as foundation papers. A supply list will be emailed prior to the first class.

Students should plan to bring fabrics, rotary cutting supplies, and a sewing machine to both lessons.

Course: WI16CRA56101

Mondays, September 26 and October 3, 1pm-4pm

Lifelong Learning College - Courses open to everyone!

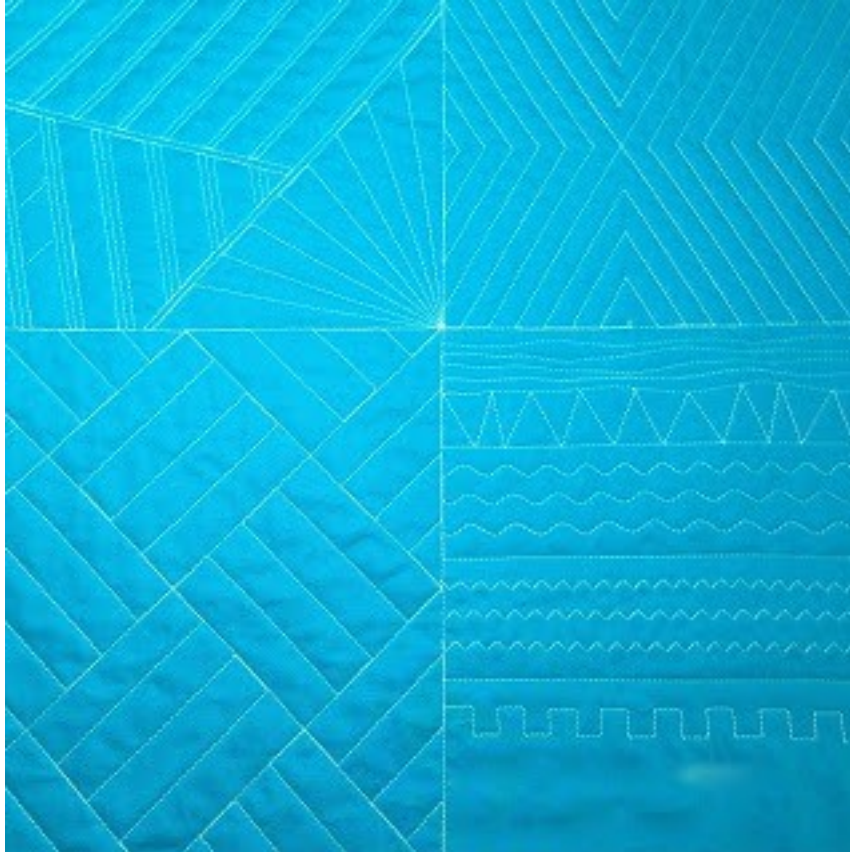

1 day Fee: P\$50/ R\$55/G\$60

Allamanda Rec Center at 1395 St. Charles Place, The Villages, Florida

Phone 352-753-3035, or visit: www.TheVillagesLifelongCollege.com to register.

October 2016

Quilting With a Walking Foot

Quilters are finding it extremely rewarding, and economical, to make an entire quilt - from piecing to quilting to binding - entirely by oneself. During this five hour-plus workshop, you'll learn how to get started quilting your own quilts.

Students will learn to how to prepare their home sewing machine for straight line walking foot quilting, and will need to bring to the workshop a sewing machine that has:

- 1 a walking foot, or the capability of engaging a dual feed or even feed foot
- 2 an owner's manual
- 3 been recently cleaned or serviced.

Instruction also includes a review of how to properly prepare and baste a quilt sandwich, and the suitability of types and brands of sewing machine needles, fabric markers, batting, and threads.

After registration, a complete supply list will be provided by the instructor. Students **do not** need a quilt top for this workshop. *A 45-minute lunch break is allowed.*

Course: WI16CRA54101

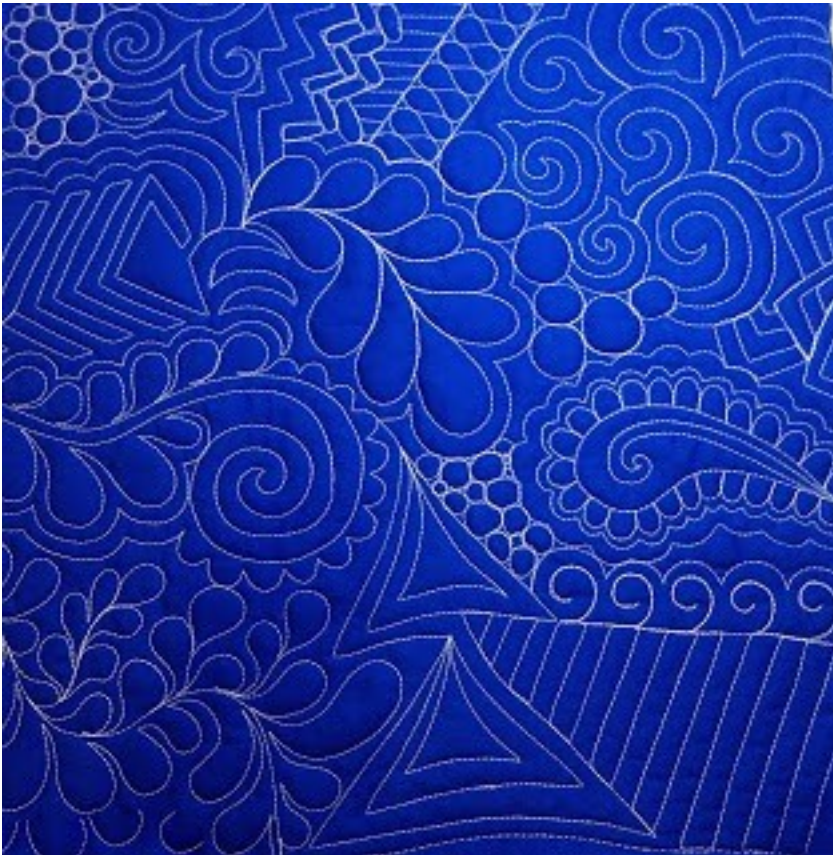

Friday, October 7, 9am-3pm

Lifelong Learning College - Courses open to everyone!

1 day Fee: P\$62/ R\$67 / G\$72

Del Mar Classroom at 974 Del Mar, Spanish Springs, The Villages, Florida

Phone 352-753-3035, or visit: www.TheVillagesLifelongCollege.com to register.

Quilting With a Quilting Foot

If you are a quilter who: 1) already feels comfortable straight line quilting with a walking foot, or 2) has previously taken “Quilting With a Walking Foot,” and 3) is ready to expand your home machine quilting skills, then this workshop is for you!

Students will learn how to free-hand (without following drawn designs) free motion quilt, and methods for marking drawn designs to quilt a particular pattern.

Instruction also includes how to start/stop quilting - what to do with those thread tails - and options for controlling the movement of the quilt under the needle.

It's expected that students are already familiar with various types of sewing machine needles, fabric markers, battings, and threads.

Students will need to bring to the workshop a sewing machine that has:

- 1 a free motion quilting foot or darning foot
- 2 the capability of lowering or covering feed dogs.
- 3 an owner's manual
- 4 been recently cleaned or serviced.

After registration, a complete supply list will be provided by the instructor.

Students **do not** need a quilt top for this workshop. *A 45-minute lunch break is allowed.*
