Learn the Basics
  Start by learning the main system components and modules, content, pages, files and linking.
  https://websitesupport.zendesk.com/hc/en-us/sections/200927634-CMS-basics

Responsive Website Architecture
  If you are coming over from our older website system, learn how the Responsive mobile-friendly architecture will work for you. https://websitesupport.zendesk.com/hc/en-us/sections/200927674-Responsive-Website-System

Website Modules
  Learn how to work with Classes, Calendar, and Slideshow, as well as how to embed a video on your pages.
https://websitesupport.zendesk.com/hc/en-us/sections/200927624-Using-Modules

Set Up Employee Logins and Website Member Logins
  Each of your employees will need a login in order to work with the system and you can set permission levels with Groups. You can also set up website member logins for club members or wholesale buyers. https://websitesupport.zendesk.com/hc/en-us/sections/200927644-Administrators-Users-and-Members

See the Recorded Website System Webinar
  For overview of these items, please watch the recorded webinar video. https://websitesupport.zendesk.com/hc/en-us/articles/205361414-Website
