Do Even More With Your Quilting Machine (Hands-on) *Beginner/intermediate quilters
Want to learn easy and fun tricks for machine quilting? **Warning:** This is not "another free-motion quilting class". Domestic machine quilting is about practice, but also about understanding filler designs.

SKILLS FEATURED:

- How to use rulers for decorative quilting.
- Exploring design options with rulers for blocks, sashing and borders.
- Easy stitching in the ditch without turning your quilt around in your machine.

This class is based on techniques and not a specific project.

"As you go" techniques for finishing sample designs will be given. In this class we will focus on applying filler designs and decorative quilting rulers as an all-over pattern, plus how to deal with tension or stitch length problems.
