Sewing instructions:

Read all instructions before beginning this project.. Use 1/4" seam allowance unless otherwise instructed. Join pieces right sides together unless otherwise instructed.

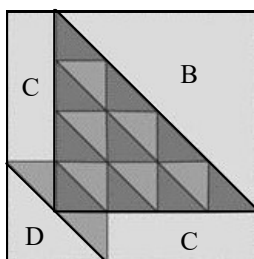

Sew a G triangle to an H triangle as shown. Make 6 units. Sew the units together with the remaining G triangles as shown below. Sew the rows together to make a large triangle block.

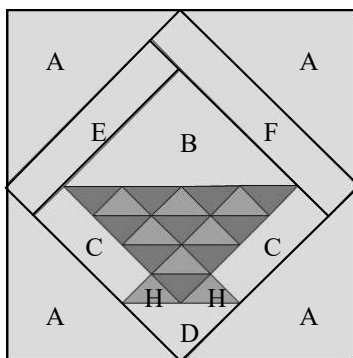

Sew an H triangle to a C rectangle. Make 2 units as shown:

Sew these units to the sides of the triangle block. Attach the B and D triangles as shown below.

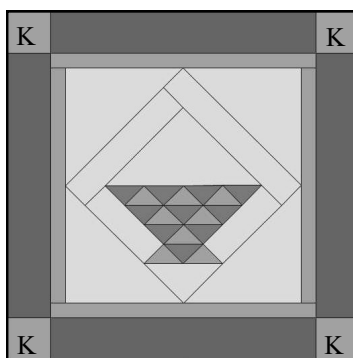

Attach the E and F rectangles to the basket block. Sew an A triangle to each side to complete the block.

Pin or fuse wool to basket block and stitch in place with matching #12 pearl cotton using a blanket stitch. Berry stems are embroidered with tan #12 pearl cotton using a stem stitch. Leaf stems are embroidered with matching #12 pearl cotton using a stem stitch.

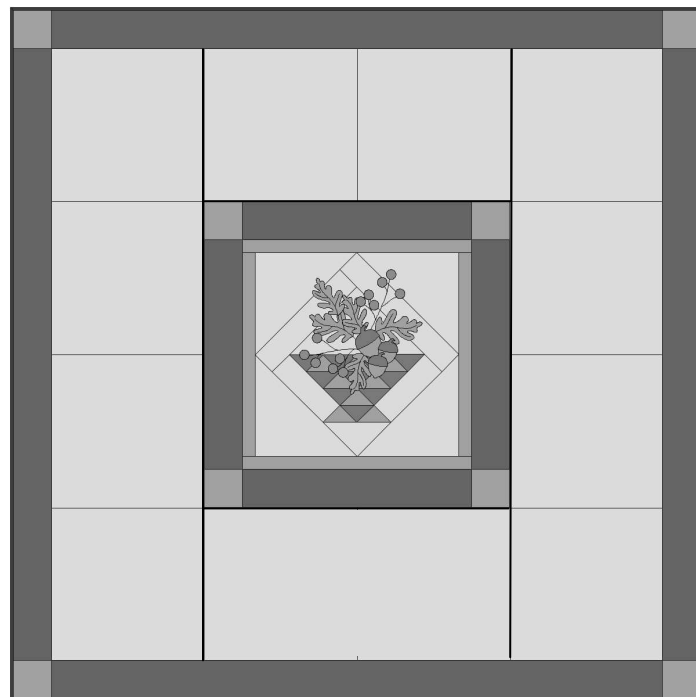

Sew on the orange borders; sides first, then top and bottom. Sew a brown 18-1/2" strip to the sides of the block. Sew an orange K square to each end of 2 of the 18-1/2" brown strips. Sew these strips to the top and bottom of the block.

Trim the designer blocks to 12-1/2" square, except for Lisa Bongean's block—it should be trimmed to 12-1/2" X 24-1/2".

Sew Lisa's block to the bottom of the basket unit. Sew 2 of the designer blocks together on one side. Sew these blocks to the top of the basket unit. Sew 4 designer blocks together top to bottom. Sew these blocks to the left side of the basket unit. Repeat with the remaining 4 designer blocks and sew them to the right side of the basket block.

Sew a brown 48-1/2" strip to the sides of the unit. Sew an orange K square to each end of 2 of the 48-1/2" brown strips. Sew these strips to the top and bottom of the unit.

Quilt as desired. Attach a brown double fold binding.

Enjoy!
