Box Cushion Construction 201

Taught by Eric Leiper

Need a new cushion for your favorite chair or window seat? What a great way to top off a classy storage area! This hands-on class will teach welt cording, sew-in zippers, and more. Basic sewing skills are required.

Things to bring

- 1 piece of poster board paper (28x22 inches)
- Sewing machine with all necessary parts
- Thread to match your fabric
- Sharp scissors
- Straight pins
- Tape measure
- Pencil with eraser
- Cording OR zipper foot to fit your machine
- Upholstery zipper and pull
- 1 piece of foam 20x20 inches and 3 inches thick (or the size needed for your project)
- Fabric of your choice (depending on the size of your cushion, you will need about 1 yard.)
- Welt cording (can be purchased before class). Cushion can also be made without welt. If you are making a 20x20 inch cushion, you will need 4 cuts of **2/3** yards of cording.

Please feel free to call with any questions.
