

RANDOLPH TOWN BOARD  
RANDOLPH TOWN OFFICE  
Recorded Office Computer  
January 17, 2017  
7:00 pm

BOARD MEMBERS PRESENT: Mayor Lyn Weston  
Lana Peart, Clerk  
Sim Bell  
Brian Weyers  
Bridget Pugmire  
Melanie Limb

ABSENT: None

GUESTS: Jesse Weyers

Mayor Weston called our meeting to order at 7:00 pm.

Lana then read the minutes from the previous meeting in November and they were moved to be approved by Bridget with Melanie seconding, approved unanimously.

The bills were then read and moved to be approved for payment by Brian with Sim seconding.

Lana reported that we had no official word on the tourism grant yet. We have heard that we have been approved but it is not official yet.

The Mayor then reported to the board that the snow blower we use for the town sidewalks was no longer running. We discussed if we needed a new tractor or just the front mount blower. It was decided that we would try to purchase just a snow blower at this time. The motion was made by Sim with Brian seconding, to purchase a new snow blower at this time.

The Mayor also discussed the need to work on some of our old water lines this summer. We still have some areas of old pipe that need to be replaced. He asked Melanie if she could contact JUB engineers to begin looking for us some grant money and plan on helping us with this project. She was told to contact Zan Murray for help. They are aware of our water system and have worked on it in the past.

We are still interested in working on our annexation project and would like to get going on this. The Mayor needs to contact David Church for his take on the issues we will be facing.

Heather Thomson had given Bridget the by-laws she had prepared for the Town Youth Council. Bridget will contact her and Ms. Muir and see if they could attend our next meeting to let us know how that project is progressing.

We discussed the lighting contest winners and hope to have more people vote online next year. We felt the amount of candy purchased this year was about right.

Lana presented the auditor's report for fiscal year 2016. Everyone was given a copy. She also mentioned that all transactions now had to be posted on the transparency website with notices of meetings appearing on the Public Notices Website.

The Mayor thought there was a possibility that we could get some roto millings from the State Highway going through town that is supposed to be repaired this summer. If we could, there is the possibility of paving some of the roads in town that are not currently paved and increasing our road allotment. He will try to find out more about this.

Melanie made the motion to adjourn and Sims seconded at 8:00 pm.
