Tuffets with Phyllis Cullen

Tuffets are a touch of whimsy for your home that blend with all decors and bridge the gap between design and function. In addition to being heirloom home accents, they make great gifts! So choose a precut jelly roll and sew a gorgeous tuffet cover and learn how to, (or actually complete) that cover into an upholstered footstool.

To finish the tuffet you may elect to create just the top, and add the heavier base after you return home. This will be completely demonstrated in class and is not difficult! Or you can choose to finish your entire tuffet in class. In either case, we will have available for purchase a pre-drilled wood round, button form, T-nuts, bun feet or casters and screws. If you are interested in these finishing supplies, they must be pre-ordered when you sign up for class and if you are traveling, shipping of the un-assembled tuffet will be included with your hardware kit fee.

Sewing Machines

Just a brief word about sewing machines. We do have very nice, recently serviced, new Monarch brand sewing machines for rent, but please remember that it will probably be an unfamiliar machine for you. If it is at all possible for you to bring your own portable sewing machine, you might find it easier to jump into each project and class. We want everyone to have the ultimate, most wonderful quilting experience possible. It might be that bringing and using a sewing machine, with which you are familiar, will ultimately be easier.

On the other hand, we understand - and appreciate - that traveling with a sewing machine may create some logistical challenges. We encourage you to carefully consider the pros and cons of renting a sewing machine vs. bringing your own sewing machine.
