

Sew Many Ideas

405 Vann Dr. Ste. D.
Jackson, TN 38305

Getting Started: All sewing is straight stitch unless noted.

1. Cut Medium Weight TearAway stabilizer same size as background. Use 505 to hold background and stabilizer together.
2. Mark background to finished size $36 \frac{1}{2}$ " x $9 \frac{1}{2}$ " with fabric marker.

Use fabric marker, draw horizontal line $10 \frac{1}{2}$ " from bottom for Mansion placement

Mansions

1. Cut out both Mansion pattern pieces and tape together to complete roofline.

2. Place pattern **right side down**, on Wonder Under. Trace around **pattern edge** leaving $\frac{1}{2}$ " margin. Fuse to **wrong side** of fabric.

3. Cut out Mansions in one large piece. Remove backing. Center Mansions right side up, on background, use horizontal line as guide, fuse.

4. Use Golden Threads paper, pattern piece, fabric marker and straight edge, trace individual Mansions to use as a stitching guide.

5. Place traced Golden Threads paper directly on top Mansions, pin in place. Stitch all lines through the paper. Remove paper.

6. Use pattern as guide, sew vertical, horizontal and angled lines onto each building approximately 1/8th apart.

Note: The angle of the stitching on this picture is correct. The first 100 patterns had the top stitch angle incorrect. Sorry.....

HINTS: Draw lines directly onto Mansions 1" apart before stitching to help keep sewing lines straight. Use knee bar or hover feature. Use needle down function to travel from Mansion to Mansion. Take your time. 😊

7. Finish by stitching all Mansion edges several times building up thread.
